## City Council Moves To Enact Schedule Of Trade Licenses

New By-Law Given Second Reading—Many Changes Have Been Made

The City Council, at its Monday evening session, moved several steps closer towards enacting a new schedule of trade licenses to be applied to the second half of 1938. A by-law, which cancels all previous enactments of this nature, was given its second reading after being introduced to the Council for the first time.

City Clerk J. W. Wright was about to commence third reading, when Alderman A. R. Smith moved that the measure be laid on the table for consideration until the next meeting.

He pointed to several clauses in the by-law on which he declared he was not certain of the exact meaning. Not having been a member of the special Council committee studying the subject, Alderman Smith said he would like the opportunity of studying the measure before it became law.

Alderman David Howie, who seconded the motion, which was carried with Alderman A. C. Wilde dissenting.

"TO IMPORTANT"

"I think this is just a little too important a matter to be put through tonight," Alderman Smith commented.

Alderman Everard Clarke, after hearing Alderman Smith's reasons for asking that the by-law be laid over, said he thought it might be as well to give the Council time to go over the measure. Merchants, he said, believe that the Council is deliberately "stalling" on the matter, and because of this he would have been anxious to have seen the by-law enacted.

The new by-law is the result of many sessions between a Council committee of Aldermen Wilde, Clarke, Howie, and Hunt and a delegation from the Business Men's Bureau of the Board of Trade, headed by J. B. Woods.

**LENGTHY DEBATE**

The subject of trade licenses and their application was first discussed last February at a meeting of the Business Men's Bureau. At that gathering several speakers denounced the present measuring action, and it was decided to approach the Council to seek changes. Subsequent negotiations have been reported fully in The Vernon News of previous issues.

The new measure makes no mention of formation of a new committee such as had been urged early in the spring.

A chain store is classified as a

## FIRST YOUTHS ARE AT FINTRY

Three Teen-Age Lads Show Enthusiasm For New Okanagan Home

Three teen-aged boys from the Fairbridge Farm School at Cowichan, Vancouver Island, arrived here Wednesday morning on their way to their new home at Fintry, which is a 250-acre estate owned by Capt. J. C. Dunlop, recently donated to the schools.

These youths were the first to arrive at the school and will be under the instruction of Angus Grey, who was the former estate manager for Capt. Dunlop and who is now in charge of the farm for Fairbridge.

The boys, John Hunter, Henry Brayfield, and John Macintosh, arrived in Canada last year and since coming to this country have lived on Vancouver Island. They like B.C. very much. Asked by The Vernon News what they thought of this country, they said it looked "all right" to them, but they had not been here long enough really to decide. From this point they took over the conversation and all the questions that were directed to be conducted by the reporter.

They seemed very keen on sport and wanted to know what games were played here. They were rather pleased to know that cricket is very popular in this district. Apparently

## NOVA SCOTIA PLANTS RECEIVE ORDERS FOR APPLES FROM BRITAIN

That the Maritimes have received an order for \$50,000 worth of dehydrated apples for the British Empire is an item of interest to the Okanagan Valley, inasmuch as this fruit growing district may be able to participate in the export trade.

News of the order was issued in the Canadian Food Packer of recent date.

The news item infers that this is but a forerunner of a heavy demand for dehydrated apples from the British Isles. This order was awarded to the plants in the Annapolis Valley and resulted in their opening for the production of apples for export rather than being arranged for.

The \$50,000 order was from the War Office and it was stated that the product was equal to the standard and larger supplies of the dehydrated apples from the Okanagan Valley. Ordinarily, the dehydrating of apples in the Annapolis Valley does not begin until September or October.

## No Decision On Mixed Car Deals Made

Fruit Board To Gather Statistics—Shippers To Investigate Charges Of Hardship On Soft Fruit Growers—Divergent Opinions Expressed

That the B.C. Fruit Board will gather statistics on the extent of re-shipment and that shippers will look into the charges made to see if a hardship is worked on the growers of soft and stone fruits, was the outcome of the conference held at Kelowna on Saturday, under the auspices of the B.C. Fruit Board.

There were about twenty persons in the Board of Trade room when President A. K. Lloyd called the meeting to order for discussion. The gathering was arranged as the fulfillment of a resolution passed at the annual meeting of the B.C. F.G.A., at which the growers' body was instructed to see if there were any unfairness in the present general scheme under which stone fruits are shipped in mixed cars with vegetables.

The mixed car minimum is 24,000 pounds and the straight cars of vegetables must weigh at least 30,000 pounds or pay that rate. The present re-shipment rate costs about four cents per package on stone fruits and is a charge between shippers.

President E. J. Chambers, of the Associated Growers, and D. McNeil, sales manager, were present and they made it abundantly clear that under their system of charging costs, there is no inequality. An attempt by O. W. Hembling to make a point for the one-deck sale of fruit was proved abortive. The meeting was not called for such a purpose.

F. L. Fitzpatrick, of McLean & Fitzpatrick, Rutland, said there had been more re-shipment of fruit under the one deck sale as it was operated last winter than in previous years.

Mr. McNeil explained that circumstances under which the one-deck plan had been worked last winter, had been such, that it was not a fair trial of that method of selling the crop.

When the meeting opened, those present were provided with copies of reports from wholesalers and brokers on the prairies as to how they regard the mixed car shipment.

(Continued on Page 6, Col. 3)

## APRICOT DEAL NOW AT PEAK

Early Peaches Are Expected To Move By Middle Of Next Week

This week sees the Okanagan Valley's apricot deal at its peak. Supplies of the large crop are now in volume in the southern sections of the valley. The price of No. 1 lugs on Wednesday was 65 cents, and \$1.05 for four-basket crates.

Main movement is expected to last about another week.

Rochesters and other early free-stone peaches are expected to be moving from the valley within ten days of the advance guard of this season's crop.

Peach plums and other varieties of plums are nearly ready to roll in volume and the tariff committee is asking that the dump duty on various varieties of plums be applied by July 22. Fairly heavy movement is expected by July 25, it is said.

The conference of interested shippers and growers to discuss the peach deal called originally for Saturday in Penticton has been advanced to Friday, under auspices of the B.C. F.G.A.

Transparent apples are being shipped in volume from the southern sections, with mature Duchesse expected to be rolling by the middle of next week.

The vegetable deal, shippers state, is experiencing a slack period as local supplies on the prairies come into the market. Celery was available in Calgary before the first B.C. supplies had reached there.

A remarkably good demand for semi-ripe field tomatoes has been experienced throughout this season, and is continuing. Oliver and Onyons are reported to be just peak of production, with supplies at Kelowna and in Vernon also.

From Saskatoon comes the report that British Columbia potatoes have been selling very slowly because of local arrivals. Price was \$2.35 cwt. wholesale, and eight cents a pound retail, at July 14.

## TENNIS INSTRUCTOR TO RETURN IN AUGUST

After six days spent here coaching junior tennis players at the City Club and City Club courts, Colin Milne, tennis instructor under the Provincial Department of Recreation and Physical Education, is leaving for Salmon Arm today.

Thursday, where he will be instructing for the next few days.

Approximately fifty juniors took advantage of the free tuition provided. Every point in the game was covered by Mr. Milne's lessons. Forehand, backhand, serve, volley, footwork, stance and many other important points of tennis were covered in the explanations given by the instructor.

When he returns at the beginning of August, Mr. Milne will carry on with the work from the point where his past week's tuition stopped.

Penticton, B.C., July 20.—Rain, on July 1 and 2, reduced revenue to the Penticton City Club so that the organization only did slightly better than break even.

## SHORTAGES IN TELEPHONE CO. ARE UNCOVERED

Manager Stanley Barnes Flees Country As Disclosures Found

Investigation into the affairs of the Okanagan Telephone Co., beginning some time ago, has resulted in the dismissal of Stanley Barnes and in his subsequent flight. So far as can be ascertained there has been no issue of a warrant for his arrest.

The company auditors have been investigating and W. R. Patrick declines to say anything for publication.

Colonel E. B. Westby, of Vancouver, president of the Okanagan Telephone Co., has authorized the following statement: "That Stanley Barnes, lately the company's manager, was dismissed upon the discovery of his misconduct in the management of the company's affairs. Mr. Barnes left the Okanagan Valley suddenly on Sunday evening and steps have been taken to ascertain his whereabouts. It is understood restitution has been made and the affairs of the company are unaffected by his misconduct."

Shortly after W. P. McDonald, general manager of the Canadian Public Service Corp. Ltd., came to this city, accompanied by the auditor, Mr. Barnes left for his camp on Mabel Lake. It is believed this was due to a discovery of discrepancies in the books and the wish to have an opportunity for full investigation.

Rumor has it that shortages were uncovered over a period of years and amounted to a considerable sum. The circumstances of the systematic shortages have been disclosed but it is authoritatively stated that none of the present employees are in any way implicated.

It is understood that as manager, Mr. Barnes was bonded to the amount of about \$3,000, and that the auditor for the bonding company, Mr. Robertson, had been in the city that Mr. Barnes voluntarily turned over his properties to apply on the shortages, and that restitution, so far as possible, has been made.

It is reported that Mr. Barnes crossed the boundary at Elaine on Monday morning and that he left this city in a company car. His present whereabouts is unknown.

While there are wild stories being circulated, many of them are figments of the imagination. The losses are reported at many times the uncovered total. It has been known for a long time that Mr. Barnes' expenditures were very considerable and this was in measure attributed to his having an income from other sources.

The operations of the telephone company will be in no way affected by any shortages.

## CANTALOUPE DUTY IS NOW MADE EFFECTIVE

Effective Tuesday last, duty of two cents a pound was applied on cantaloupes, according to a wire received by A. Lewis, chairman of the F.G.A. local committee.

From L. F. Burrows, secretary of the Canadian Horticultural Council, Ottawa.

The duty is not to apply to bona fide purchasers in transit to Canada on or before Monday and entered at the Canadian customs by Thursday of next week, July 28.

Last week Mr. Lewis was informed that cantaloupe duty was applied, without a recommendation having been applied for to Ottawa. Weather conditions had held the deal back more than was supposed on June 30.

Following news of the decision, it was made Ottawa was notified of this fact, and the duty was lifted for an additional week.

## Paper From Apple Prunings

THREE CANADIAN CHEMISTS HAVE PERFECTED NEW DISCOVERY OF INTEREST THROUGHOUT OKANAGAN

Plan To Erect Plants

Scientific research work by three Canadian industrial chemists has resulted in a new discovery which, it is believed, will be of considerable importance to the pulp and paper industry.

Following a recent article in the Montreal Gazette, the story of this discovery, believed applicable to the Okanagan Valley, appears below and will undoubtedly be of interest.

Announcement was made recently that a process had been perfected by which fine-grade papers could be made from the prunings of fruit trees and forest "skiddies," until the present regarded as valueless material. Large quantities of both materials are available throughout the Okanagan, it is pointed out.

Department of agriculture officials believe that from 1,500 to 4,000 pounds of prunings per acre may be taken from orchards, especially where the trees are not old.

According to H. R. Peterson, R. J. Hart, and T. L. Crossley, of Toronto, who have spent the past two years investigating the question, not only can the grades of paper be made from these prunings, but the quantity available is sufficient to warrant the erection of pulp and paper mills of considerable tonnage capacity. Lines to be produced will include book, coated, magazine, tissue, and other grades of paper.

Following tests in the Crossley Laboratory in Toronto, arrangements were made for production on a semi-commercial scale by the experimental mill equipment of the pulp and paper division of the Forest Products Laboratory of Canada. This mill is located on the McGill University campus in the building of the Canadian Pulp and Paper Research Institute, and operated through the lands, parks and forests branch of the Federal Department of Mines and Resources.

Pine tops of prunings were shipped to Montreal, to be treated under scientific control. On the resultant paper, printing tests in both coated and uncoated papers were highly satisfactory. It is claimed, and one of the largest book paper mills in the United States submitted the pulp to tests in its own research laboratory and found that the printing surface obtained was superior to that of its own high grade pulp.

The inventors of the new process maintain that from 1,500 to 4,000 pounds of prunings are produced each year per acre of fruit land and that under the

## School Roll Is Rising To New High

Need For Two Additional Teachers—Two Already Engaged—150 Pupils in Grade 1—Board Protests Use Of Park Area Close To School By Transients

Vernon's total school population for the coming school year will be increased by some 80 pupils, according to all available estimates. Approximately 160 are starting and only 80 have left. At a meeting of the School Board held on Tuesday night it was decided to appoint one teacher and advertise for two more, one of whom will replace Clarence Fulton, who recently retired after 36 years' service.

Miss Vera Graham, who has taught kindergarten at Penticton for the past few years, was appointed to the position of teaching the additional Grade 1. She is a specialist in primary work, with eleven years experience, and is at present taking an additional summer course in this work. The salary is \$1,200 per annum.

The teachers to be advertised for are to be specialists in their work. One will be a male High School physical training instructor to teach hygiene also. The Board has thought of offering this position to William Lader, now teaching at Central Elementary School, but the Department of Education refused the transfer owing to Mr. Lader's lack of qualification.

**GUIDANCE TEACHER**

Principal W. R. Pepper was present and stated the need for an additional teacher to teach French and vocational guidance. This was a new subject, he explained, and was prescribed as a compulsory subject by the government. It is primarily to help pupils in the selection of vocations.

The syllabus reads: "One guidance period weekly shall be compulsory beginning September, 1938. A counselor is a teacher specially selected for educational, social, moral, vocational, and recreational guidance of pupils."

The matter brought forth some protests from the members. Trustee J. G. West stated that while the experts were possibly doing what they thought best he believed they were building up a top heavy system that would eventually be discarded from under them. "It is impossible to find a man with even a superficial knowledge of all the vocations," he said.

I believe parents are in a better position than strangers to give vocational guidance and in isolated cases where they are not, we have a non-teaching principal to whom they could come. However, we have no choice in the matter. There is the School Act, which says we must follow the course prescribed by the Department of Education," stated Trustee West.

**"GO EASY"**

Chairman Gordon Lindsay pointed out that since the Board had 40 more pupils it would have to hire another teacher for some subjects and he impressed upon Mr. Pepper the wish of the Board that he "go easy" on these more or less experimental subjects.

**EXPRESS DISSATISFACTION**

Dissatisfaction with a condition that permitted a large number of single transient men to reside in an area close to a school to which hundreds of young girls go every day, was expressed at Tuesday's meeting of the Board.

"This situation is getting worse every day," said Trustee Norman Finlayson, "and I think it is the duty of this Board to acquaint

**SCHOOL BOARD**

## Arena Operating Surplus Now Sufficient To Pay All Year's Carrying Charges

### FERRY TENDERS ARE CALLED BY PUBLIC WORKS

New Ferry May Be Built At Okanagan Landing Or At Kelowna

KELOWNA, B.C., July 19.—Tenders for the construction of a new Kelowna-Westbank ferry to replace the present one were called by the Department of Public Works at Victoria late last week. Bids are to be sent in by tomorrow noon, Friday.

The sum of \$100,000 has been set aside for construction of the new ferry, to be placed in service early next year, it is understood.

"I would imagine the new ferry would be built either here or at Okanagan Landing, stated G. R. Stowe, Kelowna resident government engineer, said last week. "It will be much too large to build at the Coast and that's the reason it is here. If it is built here it will probably give employment to a number of local men. The contractor will of course bring his key men but I think that there should be work for a number of local men."

No official announcement regarding the proposed auxiliary ferry service was made following the visit to Kelowna on Tuesday of an official of the department of public works, who came for the special purpose of sizing up the situation as regards the possibility of an effective service this fall. It is understood, however, that certain contacts were made and departmental officials have every hope that satisfactory arrangements will be made.

**COAST CRICKETERS TO PLAY IN VERNON**

In the second or third week of August, a senior team of Vancouver cricketers will tour the Okanagan Valley, playing against eleven of the local teams, Penticton, and Vernon.

The team will play one game only at both Salmon Arm and Penticton, but are slated to play three matches against Vernon. The locals which will oppose the visiting players will be picked from the members of the three Vernon elevens.

On Labor Day, a picked team from Trail will oppose the local players. The eleven from Vernon that played in the Jubilee Cricket Week at Vancouver, two weeks ago, met and defeated the Trail team. Therefore very keen competition is expected when the two sides meet again.

No junior team from Vancouver will be visiting Vernon this year.

### GROWER SIGN-UP ON STANDARD CONTRACT IS OVER 80 PERCENT

KELOWNA, B.C., July 20.—Although no official check was made this week by the B.C. Fruit Board as to the percentage of growers who have signed the growers' standard contract, it is believed certain that the number has now gone over the 80 percent mark. Last week a percentage of 77 percent had been reached and many more signatures have been obtained by the canvassers and the growers' advertisements, editorials and news stories which appeared in last week's valley newspapers.

Some of the outstanding and most spectacular events on the day's program include the open sailing race, the motor boat race for boats with Star power engines, the "25" hydro plane race, the race for motor boats powered with automobile engines, the open fast motor boat race, and the motor and women's high diving competitions, and the free for all handicap motor boat race.

The grounds will be equipped with a public address system in order that the announcements for all the events will be plainly heard. A well shaded stand will also be provided for the use of all those attending the regatta in order that they will be able to see the events with as much ease and comfort as possible.

The road to the Landing is at present being graded and it is possible that it will be oiled before next Thursday.

The outboard motor boat, which is being drawn for at the Regatta Dinner, in the Tarnish Hotel, will be on display on Barnard Avenue this Friday.

### SOLDIER SETTLEMENT SUB-OFFICE HERE TO CLOSE SEPTEMBER 1

The Vernon sub office of the Soldier Settlement of Canada is to be closed on September 1. Joe Child, who has been in charge here, is to be moved to Vancouver. Miss Fild Johnston, who has been a stenographer at the office for a period of 14 years, will also be moved to the Coast Centre. Field Supervisor in the Vernon district will be taken care of by R. W. Brown, of the Kelowna office.

Mr. Child has been a prominent figure in the district since the opening of the office here in 1920. Under Colonel C. Chalmers Johnston, for a long time Mr. Child was the Supervisor of Adjustments but when the Vernon district office was opened, he was transferred to the district office in 1931 he remained as Chief Field Supervisor for the Interior of the province under the direction of the Vancouver office.

### EX-MAYOR PROWSE'S PICTURE NOW HANGING IN COUNCIL CHAMBER

An excellent head and shoulders picture of former Mayor R. W. Prowse, chief magistrate of this city from 1933 to 1937, has been recently hung in the City Council chambers. The picture is the same size as those of mayors of past councils, and carries a small brass plate, with Mr. Prowse's name and year in office inscribed. It hangs near the picture of L. L. Blawie, who also held office as mayor of Vernon for seven years.

### 100.7 HOURS OF SUNSHINE IS RECORD

No one doubts that the past week has seen unusually high temperatures and the figures issued by Frank Smith, the local meteorologist, provided the facts.

For each day during the week ending Tuesday, the maximum temperature has never been below 80 degrees. The hottest day of the week was last Saturday, when the thermometer registered a maximum of 98 degrees and a minimum of 70. Although this temperature does not constitute any record, it is decidedly unusual that the weather should be so hot for such a lengthy period without any break.

Sunshine is recorded as over 14 hours every day with a total of 100.7 hours for one week. This amount of sunshine is a record that has not been equaled since 1920.

The two factors taken together, the intense heat and the length of the hours of sunshine, have resulted in a large influx of bathers to both lakes. The number of people that have visited the Kalamalka Lake beach during this past week has probably been greater than that of any corresponding period before. An estimate made one evening showed there was probably 500 bathers at the beach.

The beach at the head of Okanagan Lake has also come into greater popularity than it has for a number of years owing to the fact that it is not so crowded as the head of Kalamalka Lake.

### ARENA FINANCE (Continued on Page 6, Col. 6)

### CONSTRUCTION NEW THEATRE IS NOW UNDER WAY

Contracts For All Work Let Locally—Open By October 15

Friday morning last saw a gang of men busily engaged in removing the hardwood floor from the National Ballroom as the first step in construction of this city's ultra-modern theatre, to be in operation by October 15.

Meanwhile excavation work to the rear of the present building has been busily pushed forward as the first step in enlargement of the structure.

As reported in last week's issue of The Vernon News, construction, electrical and plumbing, heating and ventilating contracts were let to local firms on Thursday evening of last week, by J. L. Haros, manager of the National Cafe Ltd., which is erecting the theatre to be owned by the Famous Players Canadian Corporation.

David Howie Ltd., is in charge of construction; Vernon Hardware Co. Ltd., plumbing, heating, and ventilating; and Okanagan Electric Ltd., and J. M. Edgar Electric, the electrical work.

The construction calls for the Famous Players taking a 15-year lease on the completed structure from the National Cafe ownership. There is also a five-year extension option. The Famous Players will save approximately \$20,000 on equipment and furnishings for the theatre.

Extensive additions have been made to the building plans and will cost in the neighborhood of \$8,000 extra with equipment. On property obtained from the city this week, a wing 80 by 20 feet will be erected to the west of the present building. This will be used as extra accommodation for cafe patrons, consisting of wash rooms, etc. On the east side a 100 by 20 foot wing will be built, and will be occupied by Archie Fleming Ltd.

The total cost of the construction and furnishing to be done by the National Cafe will exceed \$33,000.

Following the Wednesday night effects, re-construction work will be pushed with all possible speed.

### SCHOOL REMODELLING HERE IS COMPLETED

The construction part of the remodeling of the home economics and manual training school buildings has now been completed.

The interior of the old Park School has been completely changed to accommodate wood-working, sheet-metal work, electrical, and grafting classes. Work benches have been erected and the desks for the drafting room were made by the students during the last term. When equipped, the building will fully comply with the department requirements and should be adequate for many years.

At Tuesday's meeting of the School Trustees it was decided to call for prices for the necessary equipment for the electrical and sheet metal rooms.

These subjects will be taught by J. E. Pugh, recently appointed by the Board. W. R. Pearson will continue to teach wood-working.

The home economics building has been enlarged and a furnace from the old High School installed in a newly excavated basement.

It is hoped that both buildings will be sand-blasted and trimmed to conform with the new large school structures near them.

### SIXTY ARE EMPLOYED AT BULMANN CANNERY

Approximately 60 people are employed at the present time in Bulmann Ltd. cannery. Thick currents from Armstrong are being processed, as well as beets and beans.

### Total Receipts Shown As \$16,315; Expenses \$12,318

At the "half-way" mark in its financial year, the City Council has expended \$181,816.81 out of a total budget of \$295,000. It was shown in an interim statement of civic finances received from Auditor Leighton E. Tripp at Monday evening's session.

Alderman A. R. Smith, chairman of the finance committee, explained that the statement did not show expenses incurred during June, as some of the bills have not yet been received. He had not had time to examine the statistics in detail, he said, so was unable to give a report.

A particularly bright feature of the statement was in regard to the Civic Arena. Receipts were shown as \$16,315, with disbursements of \$3,997, leaving a balance of \$3,997. Total carrying charges for the full year including interest on bonds and sinking fund requirements, which have not been paid yet, are \$3,862. If as seems entirely probable, the arena will "carry itself" for the remainder of the year, a favorable balance will be shown at the end of the year.

Remembered that \$900 was paid for loud speaker equipment, included in the \$12,318 expenses. The sum of \$16,146 has already been paid on 1938 taxes

THIS WEEK  
IN THE  
VERNON  
CHURCHESVERNON UNITED CHURCH  
Minister: Rev. Jenkin H. Davies,  
B.A., B.D., LL.B., Ph.D.

A hearty welcome awaits you!

## "EASY TRANSPORTATION"

PRINCETON, B.C., July 16.—An  
attempt by a transport on Monday  
night, July 11, to avail itself of  
some easy transportation was quick-  
ly followed. The man, who gave his  
name as James Kerr, when he ap-  
peared in court the following morn-  
ing, is alleged to have taken a car  
from outside the Mica Motors  
minuties later he was arrested on  
Lakehouse Drive by provincial po-  
lice officers. It is reported that he  
had previously attempted to steal  
another vehicle but was foiled in  
the effort.

EARLY HISTORY  
OF VALLEY IS  
OUTLINED HERE

Jack Morse, Of Kamloops,  
Speaker At Junior Trade  
Board Meeting

"There can be no complete ap-  
preciation of the present without  
some knowledge of the past. There  
can be no complete knowledge of  
citizenship without some knowledge  
of history." These statements, made  
by Jack Morse, of Kamloops,  
High School staff, in a speech be-  
fore the Junior Board of Trade at  
a gathering last week, summed up  
the general theme of his address.

The Junior Board of Trade held  
its first summer supper meeting at  
the Country Club. The agenda in-  
cluded supper, which was followed  
by Mr. Morse's address, and then  
the regular business of the board.  
Before the board, at the business  
session, was the plan of a projected  
road up to the top of Silver Star.  
The members pledged their support  
to any such plan, and agreed to  
help in getting the plan moving  
through correspondence with the  
district forestry office at Kamloops.  
This road, besides providing a scenic  
highway of singular beauty, would  
also provide all ski enthusiasts with  
a run unequalled anywhere, it was  
said.

Following the introduction by  
Charlton Smith, president of the  
Junior Board, Mr. Morse explained  
that because of time limitations, his  
address of the early history of the  
valley, but that he would en-  
deavour to cover the ground as well  
as possible.

In history, said Mr. Morse, one  
often associates the early incidents  
of a place with some murder or  
massacre which occurred there.  
Kamloops had its share of violence.  
A little less than 100 years ago, in  
an Indian raid, the governor of the  
fort was murdered. The journal re-  
cording the incident states that the  
party went out in pursuit of the  
murderer and finally when they had  
cornered him at the river, they  
headed back for home when they  
saw that the man was trapped in  
an eddy, and would be drowned.  
Another infamous case was that of  
the three men who were hanged at  
Kamloops. The youngest of the party  
was only 13 when he paid in full  
for his crime.

## HISTORY RECORDED

History can be of great service  
to the community. Mr. Morse de-  
clared for there is "no complete ap-  
preciation of the present without  
some knowledge of the past. One  
of the reasons that history is taught  
in the schools from first grade to  
matriculation is because there can  
be no complete knowledge of citi-  
zenship without some knowledge of  
the past. The history of this dis-  
trict has been very thoroughly gone  
into by Dr. Margaret Ormsby and  
by many others. The history of  
Kamloops that began around 1812  
has always been linked with that  
of the Okanagan.

The first fort at Kamloops was  
built by Alexander Ross, for the  
Astoria Fur Company. It was prob-  
ably at this point that Ross re-  
ached the peak of his career, for it  
was at Kamloops that he traded  
one yard of cloth for twenty beaver  
skins. These traders got as much  
as they could for very little. It is  
recorded that one expedition went  
in with about 400 pounds of trading  
articles and came out with 2,000  
skins, the speaker said.

This first fort built for the As-  
toria Company, was set overlooking  
the river. A short time later, Joseph  
LaRocque came out for the  
North-West Company and estab-  
lished a fort across the river from  
the one already there. The two  
companies were on friendly rela-  
tions with each other and there  
is no evidence of any great rivalry  
between them. Their trading meth-  
ods, however, did differ. LaRocque  
went out among the Indians while  
the traders at the Astoria fort wait-  
ed for the Indians to bring their  
furs in. After the War of 1812 with  
the United States, the fort of the  
Astoria Company became the prop-  
erty of the North-West Company.  
All the trading was done through  
the Okanagan Valley.

The trail followed almost the same  
route as the road from Kamloops  
to Okefen's and then branched off  
with one trail going down the west  
side of the lake and the other down  
the east. In 1821 the North-West  
Co. joined with the Hudson's Bay  
Co. to become the Hudson's Bay Co.  
Between the years 1812 and 1860,  
the companies sent out great bri-  
gades, usually with 200 to 300  
horses. After 1860 these trading bri-  
gades were discontinued.

## HUGE RANCH

Then about this time the Bar-  
nards came into the country and  
formed the concern called the B. B.  
which was a huge stock ranch. To  
this day that name is remembered  
throughout the B. C. district here.  
The first church established in  
Kamloops was Roman Catholic and  
was founded by Father LaRocque, who  
spent most of his life helping the  
Indians. In order to be able to  
teach the Indians, he taught them  
a language that combined French  
and Ojibwa. Into this language he  
translated the scriptures, hymns,  
and prayers. Other religious de-  
votions soon followed Father  
LaRocque, the first of these being  
the Anglican, Methodist, and Pres-  
byterian.

The gold rush in 1860 had many  
developments. Men who came into  
the country who could not make a  
living panning gold settled down on  
the land and became farmers. At  
this same time a party came over-  
land from the east. It crossed the  
prairies in covered wagons, crossed  
the mountains at Jasper and came  
down to the Fraser. At the Fraser  
river the party split up. Part went  
on down the river while others fol-  
lowed up the Thompson to Kam-  
loops. This party was made up of  
families such as the Alexanders,  
Leslies, Fortunes, McCarsons and  
Schuberts, and was known as the  
"Overlanders."

## RAILWAY COMES

The railway went through Kam-  
loops just at a time when the area  
was experiencing a slump as a  
national event. At present he seems  
more interested in his Bulgarian  
bunny as he sits beside his sister,  
Princess Maria Luisa.

## Japanese Tanks And Machine Guns In Action

Generalissimo Chiang Kai-Shek is personally  
leading Chinese resistance to Japanese attacks be-  
tween Lanfeng and Kaifeng on the Lunghai rail-  
way. Japanese troops are battering the Chinese to  
release Gen. Dohara from a Chinese trap and to  
pave the way to Hankow. Kaifeng must fall before  
the invaders can open their drive on the Chinese  
capital. While nominally in control of the Tientsin  
Pukow railroad, a Japanese advance of 150 miles  
north of Kaifeng, where Chinese guerrillas have been  
embarrassing the Nipponese advance.

PRAIRIE IRRIGATION  
PROJECTS DESCRIBED

Interested and interesting visi-  
tors to Vernon are Douglas Hamelin  
and James Wilson, who are mem-  
bers of the staff of the Water Rights  
Branch, Department of Natural Re-  
sources of Saskatchewan, with head-  
quarters at Regina.  
Their work is financed under the  
Prairie Farm Rehabilitation Act. Under  
this legislation, aid for indi-  
viduals to get water on their  
farms comes under three classifica-  
tions. If a farmer wants a dug-out  
he can get assistance to the maxi-  
mum of \$75 for the moving of earth  
at 4 cents per cubic yard. If he  
wishes to dam a coulee the maxi-  
mum assistance is \$100 at the rate  
of 4 cents per cubic yard for the  
removal of earth and 8 cents for  
the rock work. If a farmer plans ir-  
rigation works he can be assisted to  
the amount of \$350.

Showing the interest in and need  
for this work is the fact that about  
10,000 applications have been re-  
ceived by the Water Rights Branch.  
For communities there is assist-  
ance outside of this altogether and  
each application is treated sepa-  
rately. The Carrot river marsh, drained  
some years ago, is being dammed  
aside \$10,000 for the project.

Many former marshes on the  
prairies are to be returned to their  
original state so far as it is possible  
for man to undo what he has done.

of Kamloops. Yet it still remained  
a supply depot. At the time of the  
fur traders, with the advent of the  
gold rush, with the coming of the  
railway, and then with the railway,  
Kamloops remained a supply depot.  
It has never experienced a large  
building boom and probably never  
will, it has just grown, from a city  
of 2,000 in 1911 to some 6,000 in  
1938. From a school held in the  
old blacksmith's shop to the present  
population of over 1,200. Thus has  
Kamloops grown.

It was with this background that  
the city formed its Historical and  
Museum Society. The celebration of  
Kamloops' 125th anniversary last  
year enabled the society to house  
its collection in one of the first  
log buildings erected at the old fort.  
They knew it was built around 1821  
and certainly not later than 1826.

The museum houses a very fine col-  
lection which includes five of the  
logs kept by the governors of the  
logs as well as 600 or 700 photo-  
graphs. Last year 600 people  
visited the Kamloops Museum, which  
is kept open twice a week, and the  
society feels that its work has been  
a success.

The members of the board at the  
meeting received Mr. Morse's ad-  
dress enthusiastically and Donald  
Crawshaw thanked the speaker on  
their behalf.

The board then carried on with  
the general business of the meeting.

## Trade Licenses By-Law

(Continued from Page 1)  
business having four or more similar  
stores operating within British Col-  
umbia. A wholesaler means a per-  
son whose primary business is sel-  
ling to retail merchants and who  
does not operate a retail store. A  
departmental store means a person  
operating a retail business carry-  
ing four or more distinct lines.

The new by-law provides that no  
business may be operated at two or  
more separate places under the one  
license; that the license granted shall  
be deemed a "personal" license; and  
that violations of the by-law made  
by-law make the offender liable to  
a fine not exceeding \$250, with the  
amount of the license extra.

Following is a summary of the  
new by-law, with any changes or  
revisions noted. All fees are for a  
six-months period.

1. From every person keeping  
premises where billiard or pool  
tables, bowling alley, rifle range, or  
shooting gallery are used, the sum  
of \$12.50. Formerly the by-law dealt  
separately with these items. Billiard  
or pool tables were charged at the  
rate of \$5 each.

2. From every person carrying on  
the business of a local wholesaler,  
merchant, trader, or manufacturer, the  
sum of \$25. For the purpose of the  
by-law, "manufacturer" shall  
include any person carrying on the  
business of a cannery, creamery, box  
factory, sash and door factory, brick  
factory, cheese factory, ice cream  
factory, excelsior factory, and any  
sort of manufacturing business. Pro-  
vision widened but fees un-  
changed.

3. From every person carrying on  
the business of a branch wholesaler,  
merchant, trader, or manufacturer, the  
sum of \$50. No change.

4. From every person carrying on  
the business of a chair store, the  
sum of \$10. Such a person shall be  
classified as a retailer and shall be  
charged \$5 for each additional line  
carried beyond his primary line. Last  
sentence additional. No change in  
fees.

5. From every person carrying on  
the business of a departmental store,  
the sum of \$25. New sub-section,  
eliminating \$5 charge for each line  
above two.

6. From every person carrying on  
the business of a retail merchant  
or trader, the sum of \$5. This li-  
cense fee shall cover a retailer of  
farming lines of goods, customarily  
handled by that class of business.  
Should he offer for sale further  
goods, he shall pay \$5 for each ad-  
ditional line. Last sentence addi-  
tional. No change in fees.

7. From every person pedler, or  
hawkster, the sum of \$50. No change.

8. From every person who goes  
from place to place offering for sale  
any kind of fuel, the sum of \$10.  
No change.

9. From every person who offers  
for sale retail goods, wares, or mer-  
chandise to be supplied by any per-  
son not doing business in the mu-  
nicipality, the sum of \$50. No  
change.

10. From every person operating a  
public laundry, the sum of \$7.50. This  
is an increase of \$2.50.

11. From every person carrying on  
the business of a pawn broker, the  
sum of \$100. No change.

12. From every person carrying on  
the business of a second hand  
dealer, the sum of \$5. Each line of  
new goods (if any) carried, \$5 addi-  
tional. Last sentence additional. No  
change in fees.

13. From every person dealing in  
hides, the sum of \$10. (New sub-  
section.)

14. From every person carrying on  
the business of scrap metal deal-  
er, the sum of \$5. New sub-section.

15. From every person owning or  
keeping trunk, motor cars for hire,  
the sum of \$12.50. No change.

16. From the driver, other than  
the owner of every truck, the sum  
of \$5, excepting any driver who holds  
a chauffeur's license under the  
Motor Vehicle Act. No change.

17. From every bank, the sum of  
\$75. Former fee was \$100.

18. From every person letting  
rooms, suites, etc., in hotels or  
boarding houses, the sum of 25  
cents for each room; provided that  
person having no more than two  
rooms shall not be required to hold  
a license. No change.

19. From every transient trader,  
the sum of \$50. Former fee was \$500.

20. From every transient real es-  
tate agent, the sum of \$50. Former  
fee was \$200.

SHUSWAP LAKE HAS  
BOAT SERVICE NOW

KAMLOOPS, B.C., July 16.—The  
steamer "Lamb," owned and op-  
erated by Capt. William Louie, who  
will make a three-weekly run from  
Kamloops to Shuswap Lake points  
this season. The boat recently was  
overhauled and passed government  
inspection for passenger and freight  
service. In former years a twice-  
weekly service was offered, but this  
year, because of the extra volume  
of birch wood cargo to be freighted  
to Kamloops, an extra trip each  
week will be needed to complete the  
week before the latter part of Sep-  
tember when the Thompson river  
usually is so low that steamboating  
is difficult. This will be the first  
time in all river steamboat history,  
says Capt. Louie, that Kamloops will  
have a three-weekly steamboat ser-  
vice to Shuswap Lake landings.

MRS. ENEAS GEORGE, WHOSE  
INJURY LED TO ILL-FAMED  
MURDER CASE, SUCCEUMS

MERRITT, B.C., July 18.—Mrs.  
Eneas George, 23, Indian, died here  
recently of tuberculosis. Her hus-  
band and his brother, Richardson  
George, were hanged at Oakalla jail  
for murder, in May, 1934, of De-  
monition Constable F. H. Gibson and  
Provincial Constable Percy Carr. It  
was when the officers failed to re-  
turn home from the Indian reserva-  
tion, where they had gone to ar-  
rest Eneas for stabbing his wife at  
a "home brew" party, that the  
double murder was discovered.

lished or displayed by the Liquor  
Control Board or by the Govern-  
ment of British Columbia.

## HOW TO MAKE ICED TEA

Infuse six heaping teaspoons of Salada Black Tea in a pint of fresh, boiling water. After six minutes strain liquid into two-quart container. While hot, add 1 to 1 1/2 cups of granulated sugar and juice of 2 lemons, strained. Stir well until sugar is dissolved. Fill container with cold water. Do not allow tea to cool before adding the cold water; otherwise liquid will become cloudy. Serve with chopped ice.

# REVELSTOKE TO HAVE NEW CITY AND FIRE HALL

By-law For \$39,000 Passed By Substantial Majority, Saturday

REVELSTOKE, B.C., July 19.—Before the end of the year, Revelstoke will have a new city hall and fire hall, and the old school building, which for over 35 years has served as a civic administration building, will have vanished into some old lumber pile or woodyard. Ratepayers Saturday approved a by-law to borrow \$39,000 by way of 13-year debentures at 4 1/2 per cent, and finally ended a city hall dispute which was almost as famous as the Vancouver controversy which ended when Gerry McGeer erected the present monumental edifice.

As usual, ratepayers for the most part showed only a casual interest and a small vote was recorded. 233 votes were cast in favor of the by-law and 84 against. Requiring 179 votes to carry it, the by-law was well in the clear. Work is to commence immediately on removing the old structure after which plans and specifications for the new will be in shape for practical execution.

Funeral services for the late Esther Depietro, daughter of Mr. and Mrs. Pamphilo Depietro, were held Tuesday morning at St. Francis Church, Rev. Father Jansen officiating. The deceased was born in Revelstoke 18 years ago and passed away at the Coast last Friday.

## PIONEERS UNITED

The marriage of Albert Parker and Miss Elizabeth Portia, took place Saturday, with Rev. Father Jansen performing the ceremony. The principals are members of pioneer Revelstoke families. Mr. Parker belongs to the car department of the Canadian Pacific Railway and is well known in the Okanagan. Mr. and Mrs. Parker are honeymooning at the Coast.

That the Okanagan is a vital part of the Revelstoke division of the Canadian Pacific Railway is well in evidence at the time of the year when the fruit movement commences to get under way.

Leaving on train three for Sicamous, Sunday, were a number of local railwaymen who were either to relieve on the branch or go to new jobs. Among them were trainmen R. Harvey, R. Farrell, Len Pile, Oliver Ainslie, and A. D. Langille; Engineer Roy McKay. Later in the week, conductor Ernie Brown and trainman J. F. Lancaster went down on the branch to resume work. Engine 590 with engineer George Lee left early Monday morning to inaugurate the switching job at Vernon. The same day engine 573 arrived from Vancouver, fresh from general overhaul for service on the Okanagan branch. At the present time engine 586 is in the local shops getting tuned up for the same service.

Meeting the executive of the local Liberal association, and motoring over the newly constructed section of the Big Bend Highway, occupied the attention of the Hon. W. A. Asselin, Minister of Mines, on his first visit to this district. The minister was optimistic concerning conditions in the Interior.

## MOSQUITO EPIDEMICS

Revelstoke, and particularly the area south of here, is just getting over one of the worst mosquito epidemics in the history of the district. At Arrowhead the insects were so bad that it was impossible to work horses in the bush, instances being recorded where the animals fully harnessed would roll almost perpetually to shake the mosquitoes off. A number of families moved in to Revelstoke to get rid of the menace. While Revelstoke has not been subjected to them to any extent even a few are troublesome after many years of freedom from them. West of the city they are said to be almost non-existent.

Revelstoke boys and girls who have been attending the R.E.C. camp at Camp Hurlbert, are enthusiastic over the attention they received while in camp. The boys, Linwood Chaffield, Fred Lundell, Stanley and Ewart Malcolm, who returned last Thursday were entertained at the home of Mr. and Mrs. F. Valair, in Vernon, and are loud in praise of this hospitality which enabled them to spend a pleasant day while awaiting transportation from the camp, are Audrey Bearcroft, Christine McKevie, Irene Douglas, Anna Siler, Grace Turner, Pauline Turner, Dorothy McQuarrie, Colleen Brandon, Helen Alexander, Kay Orr, Betty McKay and Ellen Curtis. Miss Evelyn Simpson was one of the supervisors at the camp.

# Canadian Twins Reunited After 27 Years

Separated in Toronto, these twins were reunited 27 years later in New York. When their mother, Mrs. Howard Shaw, died soon after their birth, Shirley Swain, left, and Marjorie Greig were given the names of their mother. Both trained as nurses, Carlomist Robert Ripey, centre, was called in after a supervisor in a New York clinic recognized a similarity between the two girls.

# Woolworth Heiress And Her Son Lance

A packed court-room in Bow Street police court was electrified when the story of the marital rift between the Countess Barbara Hutton and her husband, Count Kurt Hatzfeldt-Reventlow, was revealed for the first time. It was alleged the count had threatened in Paris to commit suicide in such a manner that it would cause people to say it was the fault of his wife. It was also claimed that he threatened to kidnap his son, Lance, age two, fight a duel and "put Barbara on the spot."

# Crop Conditions On Prairies Are Good

Wheat Development Now In Various Stages—Hail Damage Reported

With weather fine and warm and rainfall varying from scattered showers to heavy downpours crop prospects in Western Canada continue promising, says the crop report of Canadian National Railways. The crop has less than four weeks to go before all danger from hail, grasshoppers, rust and frost will be left behind. Wheat development is in various stages. Some fields are in shot blade, some are heading out, some in blossom and others filling nicely and commencing to turn color. Some local damage has been caused by hail. Grasshoppers continue active in many southern districts and have now reached the flying stage, indicating that districts in the north will be more heavily infested. Signs of leaf and stem rust have been reported from many points but damage to date is undeterminable. Weather conditions in the near future will determine the extent of damage from this fungus. Barley and rye cutting in southern districts will commence this week.

Southern Manitoba experienced good rains with all grains doing well. Sufficient moisture is reported from most districts. Cutting of early barley is commencing and early sown wheat is filling nicely and starting to turn color. In central Manitoba and in the Russell-Dauphin-Swan River territories weather has been warm and showery. Wheat is headed and in the flowering stage, and oats and barley are coming into head. Some fields have become lodged but warm weather should straighten them out. No damage is reported from hail or insects.

**SUFFICIENT MOISTURE**  
Along the Lewan, Lampman, Avonlea, Gravelbourg, Central Butte, Riverhurst and Bengough subdivisions of southern Saskatchewan weather varied from cool to warm, interspersed with light to heavy rains. Except for a few isolated points this great wheat producing territory has sufficient moisture for the time being. Grasshoppers are active and are now flying. Leaf and stem rust are reported from many points and weather during the next two weeks will determine the amount of damage to yield and grain grades. In central Saskatchewan west through Watrous, Biggar, Dodsland, Rosetown and Elrose subdivisions, weather has been variable but all grains have made good progress. There is sufficient moisture at present for crop needs. Grasshopper damage is local and poison bait is still being used where they have not yet reached the flying stage. Although hail fell over widely scattered districts little severe damage has been reported. Crop prospects continue the best in years and with favorable weather a better than average crop is anticipated.

# SUGAR LAKE BRIDGE WORK PROGRESSING

Approaches And Fill Being Done By Gas Shovel—Foreman Arrives

LUMBY, B.C., July 18.—F. Hardy, bridge foreman, arrived last week from the Coast to take charge of the building of the Sugar Lake bridge. Work on the approaches and fill has already been started with the gas shovel, and all material assembled. J. Agnew is the engineer in charge.

Mrs. Ben Tildesley and daughter, Delphine, left on Wednesday of last week for their home in Vancouver. Mrs. Earl Genier and son, Ronald, are holidaying at Sugar Lake. Mrs. C. Tucker is recovering from bruises and shock sustained when her car overturned in loose gravel on the Vernon road two miles from Vernon.

A small fire at the north end of Sugar Lake was discovered by Ranger Corbett last week. It was smouldering slowly along the flats. Men were immediately sent to check it.

Farmers are haying under favorable conditions, the weather being decidedly hot. George Laviolette, who irrigated his meadows during the drought, has an exceptionally fine crop of hay.

Mrs. Albert Quesnel is leaving on a visit to relatives in Wetaskiwin and Gadsby, Alberta. Miss Cole, of Gadsby, arrived here Monday on a visit to Miss Mildred Quesnel.

# T. D. SHAW MACLAREN RE-ELECTED TRUSTEE FOR OYAMA SCHOOLS

OYAMA, B.C., July 18.—The annual meeting of the Oyama School Board was held on Saturday, July 9. After the secretary had called the meeting to order, T. D. Shaw MacLaren nominated Norman Davies to the chair. The report of the trustees was read and adopted; an assessment of \$3,000 was asked for the school year 1938-39 and this was granted. T. D. Shaw MacLaren was re-elected a trustee for a three-year term. Mrs. Floyd Whipple read, on behalf of the Women's Institute, a report on Dr. Ootmar's health clinic. Mrs. Butterworth moved that all information be laid before the School Board for consideration with a view to joint action by the board and the W.I. to obtain a more adequate health service for the school and community. A very satisfactory financial statement was submitted. Don Dewar was elected auditor for the coming year.

**Don't Be Fooled About Constipation!**

Many people, when constipation hits them, just reach for the medicine shelf, dose up with a physic, and try to forget it till the trouble comes back. And come back it usually does—and more often—till you get at its cause.

If you eat what most people do—just bread, meat, potatoes—chances are just this fact causes your trouble: lack of "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and aids elimination.

If that's the reason for your trouble, what you need is a good dish of crunchy Kellogg's All-Bran for breakfast. It contains the "bulk" you need plus Nature's great intestinal tonic, vitamin B.

Eat it every day, drink plenty of water, and join the "regulars." Made by Kellogg in London, Ont.

## RATEPAYERS OF OLIVER DO NOT FAVOR SCHOOL

OLIVER, B.C., July 18.—Ratepayers of Oliver school district voiced their disapproval of immediate construction of a \$9,000 school auditorium when they gathered in annual meeting on Wednesday evening, July 13.

While recognizing the need for more facilities to take care of the modern system of instruction, the ratepayers felt the expenditure of that sum of money was unwarranted at this time and decided on postponement of the auditorium construction for two years. At the same time the trustees were urged to enquire into the possibility of utilizing other buildings for auditorium purposes.

Construction of the auditorium was recommended by the School Board on the advice of Inspector Carter and the Department of Education. The board believed the building could be paid for in three years without increase in taxes, and through the increased assessment of new buildings and other property in the school district.

The auditorium idea is incorporated in the junior-senior consolidated high school, which was discussed a few months ago and postponed for two years. This would provide junior and senior high school education for pupils of the three districts of Oliver, Osoyoos, and Teslin. The auditorium would be the first unit in a consolidated school building.

The classroom problem is being solved this coming term by adapting one of the ground floor playrooms into a classroom, and re-arranging the classes. High school pupils will be moved to two classrooms in the main building, and they will also have the use of one of the ground floor rooms for science work and a chemistry laboratory.

A. J. MacPherson, who has served as chairman of the school board for many years, declined a further term, and Arthur Millar was elected to the vacancy.

The meeting adjourned before concluding all the business, which will be finished up at a later meeting.

**EWING'S LANDING**  
 EWING'S LANDING, B.C., July 18.—The Union Library was called at Ewing's Landing last week with a further selection of books.

Mrs. T. Dow Landale, now of Kelowna, has been staying in her old home here for the past several days, and Miss Mary Landale had as her guest Miss Hickman, also of Kelowna.

Mrs. W. H. Colquhoun drove up from Vancouver on July 10, and visited her mother, Mrs. A. H. Kenyon, for the ensuing week.

## Insurgent Widow Is Rewarded

The widow of one of Franco's soldiers who was left with 11 children, was rewarded at Seville when General Queipo de Llano, seated second from left in foreground, presented the title deeds to one of the 124 model homes built by the insurgent authorities for war wounded and poorer families. The houses are modern in every detail and are rented for a nominal sum.

## Outbreaks Of Fire In Mabel Lake Area Keep Rangers Busy

Blaze Near Cook Ranch Started By Lighted Cigarette Stub

ENDERBY, B.C., July 18.—The local rangers were called to duty again Saturday afternoon to fight a fire which had started on the Mabel Lake road near the Robert and James Cook ranch. The fire was started by a cigarette, which had been thrown from a passing car. It was put out, however, before a great deal of serious damage was done to that vicinity.

Fires in other parts of the valley have been keeping the rangers especially busy. A number of the local boys have been called to various points to help with the fighting.

A number of United States and Canadian tourists have been passing through and stopping over in Enderby during the past week. Reports are that more cars of tourists have visited Enderby this year than last year during the same period.

Stanley Lucas had the misfortune to sprain his wrist on Thursday while he was working on a trail project plan at Mabel Lake for the Forestry Branch.

**MILITARY LEAVE**  
 A large number of friends and spectators gathered at the Enderby station on Thursday evening this week to bid farewell to the 14 members of the local unit of the R.M.C. who were leaving for a ten days' training at the infantry training camp at Sidney, Vancouver Island. Those leaving for camp were Major Williams, Sergeant Henry Walker, Corporal J. Statten, Privates H. Woodly, J. Dugdale, D. Woolan, B. Gosnell, F. Jones, W. Edwards, and B. Williams.

Mrs. F. Dickson and family, accompanied by Mrs. H. Chomat, left on Thursday for Mabel Lake, where they spent some days camping.

Constable Whisker, of the B.C. Police Highway Patrol, returned on Friday from Vancouver Island, where he has been spending the past few weeks visiting his home and attending to police duties at Victoria.

Mr. and Mrs. Percy Farmer and family left for Mabel Lake on Friday, where Mrs. Farmer and children will remain at their summer cabin for a week.

Russell Large, of Mabel Lake, reports that he has had a very successful summer so far. Mr. Large states that camping at Mabel Lake has increased during the past year and he could use more cabins.

Mr. and Mrs. Harley Davis have been busy moving into their new home this week. Mr. and Mrs. Davis have taken up residence in what was known as the old Vonborstel place.

Mrs. Joe Kass, of Mabel Lake, accompanied by her daughters, the Misses Noreen and Joyce Kass, spent Saturday visiting friends at Enderby and valley points.

A large number of Enderby residents took their family to the water wheel on Sunday afternoon to enjoy the shade and swimming.

Mrs. Russell, of Kelowna, spent a few hours on Thursday evening visiting her daughter, Mrs. Roy Harris, before continuing back to Kelowna with friends.

**TO HOLD SOCIAL**  
 The members of the St. George's Anglican Church are now planning for an ice cream social, which they are holding at the end of the week on the vicarage grounds. Later in the evening dancing will be enjoyed in the Parish Hall.

Mrs. W. Duncan has been enjoying a visit during the past few days from her sister, Mrs. Cochrane, of Calgary.

R. J. Oltart is enjoying a visit this week from his brother, Isaac Oltart, who arrived from Vancouver on Monday to spend a few days.

Mrs. Austin Blackburn and baby daughter, who have been patients in the Enderby General Hospital during the past week, were able to leave for their home on Monday.

Miss Mae Grisham, of Vernon, was Enderby visitor on Saturday, before going on to Mabel Lake, where she spent Sunday at her parents' summer cabin.

Angie Fyall, of Grindrod, and John Oshon, of North Enderby, have been busy during the past week hauling the first crop of hay at various farms in Enderby and district.

Mr. and Mrs. Roy Harris were visitors to Vernon on Saturday.

**APPLY RESTRICTIONS**  
 Between the city water regulations and the very hot weather during the past few days, the Enderby flower and vegetable gardens have dried up considerably. Due to the weakness of the water pipes and the inability of those on the higher altitudes to get enough water, the city has been put to regulate the hours for sprinkling in the town gardens, consequently many of the gardens have become especially dry these days.

Mr. and Mrs. Henry Hendrickson were visitors to their summer cabin at Mabel Lake on Sunday.

Mr. and Mrs. Calvert, of Armstrong, stopped off for a short time in Enderby on Saturday on their way to Mabel Lake to pick up Master Coeli, who motored with them to the lake, where he will visit for a few days with his friends, Lex and Murray Duncan.

Mrs. Lantz and family have been campers at their new summer cabin at Mabel Lake during the past week.

R. Skelton has returned home after spending a few days visiting with friends at Vancouver.

Mrs. C. E. Robinson leaves this week for Britannia Beach, where she will visit for some time with her son, T. W. Robinson. Mrs. Robinson will be away from Enderby about a month and before her return will visit with friends for a few days at Victoria.

Mr. and Mrs. F. Johnson, of Armstrong, were called to Enderby by the sudden illness of Mrs. Johnson's mother, Mrs. Hetty, on Wednesday evening. Mrs. Hetty has been moved to the Enderby General Hospital, where she is receiving medical care.

The many friends of W. Pantou will be pleased to learn that he is able to be up and around in the Enderby General Hospital this week.

Miss Margaret Wilton, who underwent an operation in the Enderby General Hospital this week, will be able to leave for her home on Tuesday.

Jan McPherson had the misfortune to have a gun go off, the bullet penetrating his toe. He was immediately rushed to the Enderby hospital, where he has been receiving medical treatment.

A son was born to Mr. and Mrs. Con Lewis in the Enderby General Hospital on Saturday, July 10.

Frank Kappel and M. Mackay, of Sicamous, were visitors to Enderby on Friday evening.

The many friends of Sid Knight, of the Royal Canadian Mounted Police, will be pleased to learn that he has been moved from the Esquimalt branch to Kamloops. Mr. Knight was a resident of Enderby some years ago and recently purchased a ranch at Mabel Lake, where he and his family spend the summer months.

Miss Virginia Johnson, of Rossland, who has been holidaying with her mother at Mabel Lake, had the misfortune to have her foot caught in an exposed propeller shaft of an inboard motor launch on Tuesday afternoon. Miss Johnson was immediately taken to the Enderby General Hospital, where she received medical attention. Miss Johnson is the daughter of Mr. and Mrs. A. L. Johnson, formerly of Enderby. On receiving word of the accident, Mr. Johnson motored from Rossland, arriving in Enderby last week.

An exceptionally large crowd was in attendance at the Forestry show which was held in the K. of P. Hall. Both parents and children alike were especially pleased with the features this year and are looking forward to as pleasing a show next summer.

**"BIG NAME" STARS IN NEW MUSICAL COMEDY**  
 The greatest round-up of big name stars of any musical yet, a whole "who's-who" of the screen's comical frolics with three girls in search of social security who find themselves sidetracked by love in "Bally Trene and Mary." The new musical comedy, "Bally Trene and Mary," shows tops in entertainment, and plays at the Empress Theatre Wednesday and Thursday, July 27 and 28.

Allan Faye and Tony Martin sing the latest songs you've ever heard, as only they know how! They top the cast with Fred Allen, star of radio's "Town Hall Tonight," and he is twice as funny face-to-face.

The cast is unusually star-studded with Jimmy Durante, the street-sweeper who crashes into cafe society; Gregory Ratoff, with a champagne bankroll and a gleam in his eye; Joan Davis, the gazelle with knee-nellon; Marjorie Weaver, the sensation of "Second Honey," now making a second sensation; Louise Lovick, who keeps Reno busy, and Darnett Parker and J. Edward Bromberg.

## SALMON VALLEY ASKS THAT UNION LIBRARY SCHEME BE CUT OFF

Vote On Question Taken At Heywood's Corner School Meeting

SALMON VALLEY, B.C., July 18.—At the Heywood's Corner school meeting last Wednesday evening, the Union Library was discussed, and the members voted to cut off the library beyond the three years. It was agreed by all present that the library be discontinued, and the trustees were asked to notify the Assessor of this decision.

Word was received by A. J. Heywood last week of the birth of a son, George Terence, to Rev. and Mrs. Evan Fullerton of Prince George, at Vancouver on Friday, July 8. Rev. Fullerton was formerly pastor of the Falkland United Church circuit.

Mr. and Mrs. G. H. Gamble, of Armstrong, are visiting for a few days at the home of their daughter, Mrs. J. F. Duthie.

Mr. and Mrs. A. J. Heywood and Nancie spent Sunday at Kelowna. On their return they were accompanied by Miss Cora Andrews, who is spending a couple of weeks with Miss Nancie Heywood, during her parents' absence on holiday.

Mr. and Mrs. Leslie Veale, of Silver Creek, visited Mrs. Veale's mother, Mrs. W. Pringle, of Hualcar, who is a patient in the Armstrong hospital, on Saturday.

## TROUT CREEK POINT IS POPULAR RESORT

SUMMERLAND, B.C., July 18.—Trout Creek point with its large shade trees and sandy beach is a mecca for campers and anglers. The C.G. Camp, which is under the Religious Education Council, consisted of 68 girls and seven leaders, a camp mother, who was also the nurse, and a cook. The group disbanded last Thursday to be followed immediately by the Tuxis camp.

Miss Frances Montgomery, of Vancouver, who is now leading the North Okanagan C.G.I.T. camp at Vernon, was the popular and capable leader, and group leaders included Miss Wesley Miller, Kereneas, Miss Helen Christie, Okanagan Falls, Miss Zella Batchelor and Miss K. McRae, Pentecost, and Miss Helen Pattison and Miss Margaret Smith, of Summerland. Mrs. Dovey of Princeton was the camp mother and nurse.

The entire camp was divided into four groups, life-saving, charm-ette, etc., drama, and campcraft. Each girl was allowed to choose which group she would join. Further division into tribes was made according to age, which ranged from 11 to 18 years. Many girls learned to swim while in camp, and those who could not swim wore red caps as a special precaution. The Drama group presented a play, "A Bouquet of Roses," on the evening of visitors' day, Thursday.

The group learned camping methods, how to build fires, cook over a camp fire, and how to leave a clean camp site.

A picnic at Powell Beach was enjoyed, and a trip to the Experimental Station.

**SUGAR LAKE LEVEL DROPPING RAPIDLY**  
 SUGAR LAKE, B.C., July 17.—The weather has been very warm during the past week, the thermometer showing 92 degrees in the shade at the week end. Consequent with the disappearance of the snows on the high altitudes, the lake level has dropped rapidly.

B. DeWolfe is enjoying a short rest at the lake.

Mr. and Mrs. Porter, of Vancouver, spent a day fishing at the lake, in company with Mr. and Mrs. "Bill" Osborn, of Lavington.

The blue grouse seem to be coming back to the lake levels again after many years' absence in the higher plateaux.

Mrs. Earle Genter and small son, of Lavington, are spending their holiday at the lower end of the lake. George, Alfred, and Fred Specht, of Medora Creek, spent Sunday fishing at the lake. L. Fraser, of Vernon, was also a visitor.

Several Sugar Lake residents are away fighting a forest fire a few miles up the river from the lake, the dry hot weather being a continual menace from this danger.

W. Fisher, of Vernon, was a visitor to the lake at the week end. E. Hocking, of Salmon Arm, was also up for the day.

P. E. Harris, of Vernon, was a visitor to the lake on Sunday, the guest to tea of Mr. and Mrs. G. Montfort, at "The Creek."

Motor cars, row boats, speed boats, bathing lounges, tents, people make Sugar Lake look more like "Brighton beach" every Sunday.

A. Jenkins, of Vernon, paid his first visit to the lake at the week end.

## ARMSTRONG COUNCIL PURCHASES CARLOAD OF CAST IRON PIPE

Y. Andrews Appointed Poll And Road Tax Collector

ARMSTRONG, B.C., July 18.—The Armstrong City Council met on Monday, July 11, with Mayor Adair in the chair, a long agenda keeping the council sitting until a late hour.

Y. Andrews, who was the only applicant for the work, was appointed poll and road tax collector. A report showed there is a fair supply of water in the reservoir at present. Quotations on cast iron pipe were considered. A short discussion on the matter was followed by the council authorizing the purchase of a carload of 4-inch cast iron pipe at the price of 59 cents per foot.

A deputation consisting of A. Schubert, Sr., A. Schubert, Jr., and J. W. Cross, interviewed the council in the matter of the Deep Creek drainage system. It was pointed out that the ditch, which had been put in and kept up by the owners of the land through which it passed, was now in bad shape at the lower end and the deputation appealed to the council for financial aid to help put the ditch in good condition. Mr. Schubert, Sr., gave a resume of the history of the ditch, showing the great benefit it had been in allowing and to be put under cultivation. Some of this land, owing to the filling up of the ditch at the lower end and consequent flooding, was going out of cultivation.

It was pointed out that the council had no control over the ditch, and suggestion made that the matter should be taken up with the superintendent of water rights who has control over the creek. The Mayor suggested to the deputation that they should approach the Municipal Council in the matter and would take the question into consideration. After thanking the council for their reception the deputation retired.

**TO ERECT**  
 W. Upper submitted a proposal for the erection of four small cabins at the back of his property on Patterson Avenue. The council after some consideration and enquiry into the project, approved of the proposal on the understanding that proper sanitary arrangements including a septic tank were provided and that plans be submitted before a building permit would be issued.

Alderman Hoover reported the collapse of the wooden sidewalk on Okanagan Street and that he proposed instead of replacing the wooden sidewalk to put in cribbing and make a fill. The bridge across Meighen Creek was also in need of repairs which he intended to have done. These proposals met with the approval of the council.

**PURCHASE HOSE**  
 Quotations on fire hose and prices were put before the council and on the recommendation of Alderman Calvert it was decided to purchase 250 feet of fire hose at the price of \$1.05 per foot.

Alderman Gullivan submitted a proposal made by the Lacrosse club to put in seating accommodation at the sides of the rink, the expense in connection with the work to be borne by the club. The Alderman, in recommending that the council approve of the proposal, said that it would be a great improvement to the rink. The council sanctioned the proposal.

Alderman Wilson reported a slight increase in relief expenditures as compared with the corresponding period of last year, \$263 as against \$233.

The Mayor, in reporting on the recent Municipal convention which he had attended, gave a resume of the proceedings and how the various resolutions which were before the convention were dealt with.

A by-law ratifying sale of a lot was reconsidered and finally passed and another by-law to ratify sale of land was given three readings.

## LARGE SHIPMENTS OF OKANAGAN CHERRIES

KELOWNA, B.C., July 19.—With the cherry crop nearly over, at July 14, nearly 150,000 crates had been shipped, along with some 39,350 crates of apricots and 370 crates of early varieties of peaches. Early varieties of plums totalled 99 and cookers were 9,458 boxes.

Cherry shipments amounted to 91,529 crates to the fresh fruit market, 1,546 crates to the cannery, and 48,428 crates to the processors. Blings have been the biggest cherry crop with about 67,000 crates. The Lambert shipments totalled just over 30,000 while Royal Annes amounted to 18,000 crates.

Apricot shipments were divided as follows: Blenheim, 2,550; Kaleid, 18,979; Moorpark, 15,806; Tilton, 900; others, 1,115.

Autogiros should be used in attempts to climb Himalayan peaks, declares a German professor, by taking supplies to high base camps.

## PENTICTON TO SAVE \$20,000

Council's Interview With Patullo Has Satisfactory Result

PENTICTON, B.C., July 18.—The municipality of Penticton has been saved approximately \$20,000 by the action of the reeve and council in obtaining reduction of the conservation fund loan from \$27,000 to \$7,000, through immediate payment of the latter sum to the provincial treasury.

Payment of \$17,000 to wipe out the entire indebtedness has been made possible through sale, at record prices, of Penticton bonds earmarked as conservation fund collateral in 1930 when the municipality borrowed \$53,000 from the government.

The saving of \$20,000 is made through the reduction of principal and the elimination of carrying charges which entailed a municipal expenditure of \$1,700 per year for the next 30 years.

On Wednesday of last week, Reeve W. G. Wilkins, Councillors J. W. Johnson, Ian Sutherland and Bruce Cousins and Municipal Clerk B. C. Bracewell motored to Victoria. An interview with the Minister of Finance, Mr. T. D. Pattullo on Friday, in ten minutes, the entire matter was straightened out to the mutual satisfaction of the municipal officials and the provincial government. On Saturday the bonds were sold in Vancouver at 108.00 and the proceeds forwarded to Victoria, completing the deal.

When preliminary work was being done on the estimates for this year the council decided to see if it were possible to forego the yearly payments which amounted to approximately \$2,000 for the next four years, placing the payments on the end of the loan period, as the next four years will be a difficult financing period for Penticton.

However, it was later decided to see what terms could be obtained if the entire sum were paid off in a lump. Premier Pattullo agreed to settle for \$10,000 less than the amount still owing on the loan.

## Two Who Returned Tell Widow Of Death In The Jungle

Mrs. Frederick Fox, left, met Theodore J. Waldeck and his wife on their return from British Guiana and Venezuela. There Dr. Frederick Fox, London, Ont., doctor and a member of the party, met his death. Organized to discover the answer to the disappearance of Paul Redfern, Georgia flier, 11 years ago, the Waldeck expedition ran into difficulties in the tropical jungles. Dr. Fox died of exposure. Waldeck is convinced Redfern was killed when his airplane crashed.

## South Africa Looks For Big Apple Pack

Canadian Exporters Enjoyed Good Season Last Year, Survey Shows

Some interesting facts concerning the South African market for Canadian apples have been disclosed by the Commercial Intelligence Journal, exports market information supplement. Prospects for 1938 are not encouraging as compared with the 1937 deal.

The report, in detail, is as follows. Canadian apple sales in 1937 exceeded those in 1936, due largely to the fact that there was a short apple crop in the Union last year. Apple production this year is heavy and may reach record figures. Statistics covering exports are not yet available, but it is known that exports during 1938 are already nearly double the exports in 1937. The carry-over in cold storage will also be correspondingly large. This will, naturally, seriously affect the imports of Canadian apples, especially as a most modern cold storage plant is now in full operation, which was not the case a few years ago.

On the other hand, some concern has been expressed over the keeping quality of apples, which now have to be washed with a solution to take off the arsenical spray. It has not yet been definitely established that apples are affected by this process; but it is known that this washing has definitely affected the keeping quality of a certain variety of pears.

## New President

A. N. MITCHELL  
Ten of the high officials of the Canada Life Assurance Co. are affected by changes now announced. A. N. Mitchell becomes president and E. R. Wood continues as vice-president.

South Africa during the last three years has been on a sound basis owing to two outstanding factors:

1. A uniform price being quoted by exporters through local representatives, and
2. Through the exporters insisting on the local representatives selling only to the larger accounts, and refusing to take orders for less than carload lots.

Here again there have been lapses, but it cannot be too strongly emphasized that exporters, even at the risk of losing a few carload orders, should insist on their agents adhering to the principle of selling only to recognized dealers. All exporters will stand to gain from this policy over a period of time.

It may interest Canadian exporters to know that the price of local apples at the present time, good quality, ranges from \$1.55 to \$1.70 per box. This price, of course, will firm up considerably as soon as the apple season comes to an end, and the dealers commence to draw supplies from cold storage.

## SOUND BASIS

South Africa during the last three years has been on a sound basis owing to two outstanding factors:

1. A uniform price being quoted by exporters through local representatives, and
2. Through the exporters insisting on the local representatives selling only to the larger accounts, and refusing to take orders for less than carload lots.

Here again there have been lapses, but it cannot be too strongly emphasized that exporters, even at the risk of losing a few carload orders, should insist on their agents adhering to the principle of selling only to recognized dealers. All exporters will stand to gain from this policy over a period of time.

It may interest Canadian exporters to know that the price of local apples at the present time, good quality, ranges from \$1.55 to \$1.70 per box. This price, of course, will firm up considerably as soon as the apple season comes to an end, and the dealers commence to draw supplies from cold storage.

## America's No 1 Newlyweds

"All the world loves a lover," and especially when the young man is a president's son. Here are pictured America's number one newlyweds, John Roosevelt and Anna Clark, who married recently in a quaint little church at Nahant, Mass. And so, many Canadian couples who wed that day can say, "Well, we were married on the same day as a president's son."

## W. R. POWLEY NAMED FOR FURTHER TERM TO WINFIELD BOARD

Has Served 23 Consecutive Years On District School Board

WINFIELD, B.C., July 18.—The annual school meeting, which is usually held on the second Saturday in July, was set forward to Wednesday, July 13, as it was thought it to be more satisfactory than Saturday evening when a great many are away from the district.

The returning trustee, Chairman W. R. Powley, was re-elected for a further term of three years. Mr. Powley has already served 23 consecutive years on the School Board.

The Board's suggestion to install inside toilets and to stucco the school met with the approval of the ratepayers, who seemed very satisfied with the manner in which the present board was conducting the affairs of the school.

A thief or thieves entered the house of Mrs. Inez Affendahl during her absence on Sunday. Entrance was effected through the front door, which Mrs. Affendahl had neglected to lock. On first inspection of the premises only food stuff was missing but later, Mrs. Affendahl discovered her diamond engagement ring had been stolen. The police were notified but so far the culprit has not been apprehended. The fact that Mrs. Gordon Griffiths had her engagement ring stolen a few days previous seems to be a coincidence. Whether there was any connection between the two cases has not been learned.

Mr. and Mrs. Dana Miller returned from a honeymoon trip to coast points.

Mr. and Mrs. T. Brinkman are being congratulated on the birth of a son, at the Kelowna General Hospital.

Mrs. V. R. McDonagh returned from a holiday spent in Penticton with her son-in-law and daughter, Mr. and Mrs. H. Butterworth.

Mrs. Clement, accompanied by her daughter, Wilma, left to spend several weeks in Vancouver.

Mr. and Mrs. F. L. Irwin, of Nelson, and two children, Lorne and Beverly, are holidaying with Mrs. Irwin's parents, Mr. and Mrs. J. H. Abredeen.

T. Makatani had the misfortune to cut his hand badly while fishing at Beaver Lake, over the week end.

Gordon Munro has gone to New Westminster, where he is on the inspection staff of the Dominion Department of Agriculture. Later he will be employed in Vancouver in the same capacity.

Miss Robbins, of Canmore, Alberta, is visiting at the home of Mr. and Mrs. C. T. Taylor.

Mr. and Mrs. Glen Haws returned from a fishing trip, which took them to the Arrow Lakes.

Miss Jeanette Hawks returned from Vancouver, where she has completed her education at the Vancouver General Hospital.

Mrs. Jack Stewart, of Vernon, was a guest of her sister, Mrs. A. Phillips, last week.

## VERNON BRIDE-ELECT HONORED AT LANDING

OKANAGAN LANDING, B.C., July 18.—On Thursday afternoon last, at her home "Kilmarney," Mrs. D. A. McBride entertained thirty ladies to a bath shower in honor of Miss Marjorie Rolston, Vernon, bride-elect. Swimming was enjoyed and after a delicious afternoon tea, the guest of honor was presented with some lovely gifts.

The shipyard closed on Saturday after a very brief period of work. The Misses Malleon, of Okanagan Mission, were visitors at Cameron's, last week the guests of Mrs. L. O. Ewing.

Mrs. J. B. Weeks, of Penticton, is visiting her sister, Mrs. W. F. Van Antwerp.

En route by motor from New York to their home in California, the Misses Phillips visited with Major and Mrs. Allan Brooks on Saturday. Eric Hearle, of Kamloops, is spending a few days with Cecil Brooks.

Mrs. J. B. Woods has as her guests, her aunt, Mrs. K. Skinner, of Vancouver, and her two sisters, Mrs. J. Boston, of Aldergrove, and Miss M. Vanetta, of Winnipeg, Man.

T. Howard left on Saturday for his home at Newton, B.C.

Mr. and Mrs. Beavin, of Vernon, have purchased K. W. Kinnard's camp.

Mr. and Mrs. D. A. McBride have had as their guests, Mr. McBride's nephew, Cecil McBride, of Saskatchewan, and Stanley Dakin, of Nanaimo, B.C.

Mrs. S. Parkinson and two sons, of Kamloops, are visiting Mr. and Mrs. N. G. Finlayson.

Miss Kathleen Curtis, of Revelstoke, is renewing old acquaintances here, and is staying with her parents, Mr. and Mrs. R. Curtis.

There are about fifty girls in camp at the Hurlbut camp on the Cameron's Point road. This is an ideal spot for just such a camp, and everything is under the best of supervision.

## C.G.I.T. CAMP ENDS THURSDAY MORNING

The C.G.I.T. Camp, under the direction of the Religious Education Council of British Columbia, occupied Camp Hurlbut on Okanagan Lake the middle of last week.

The camp, this year, was made up of girls from Revelstoke, Vernon, and Kelowna under the direction of Miss Frances Montgomery, of Vancouver, with Miss Marjorie Nash as camp nurse, Mrs. John McCulloch in charge of sports and Mrs. F. Valair as camp mother.

The week in camp has been devoted to the development of the all-round Canadian girl with a four point program covering physical, intellectual, social, and spiritual education.

Periods spent in Bible study were a part of the plan to further the girls' religious education while a study of present day life added to their intellectual and social knowledge. Long hikes, swimming, life saving, and land sports such as volleyball and softball added greatly to their enjoyment.

The camp concluded this morning, Thursday.

Having struck tents that bend when struck, waterproof metal gables have been invented.

## SPECTACULAR FLYING SCENES FEATURED IN PICTURE "TEST PILOT"

Spectacular flying, four stellar players and a four-star story provide startling entertainment in "Test Pilot," most authentic aviation picture yet produced, which shows at the Empress Theatre on Friday and Saturday, July 22 and 23.

Clark Gable, Myrna Loy, Spencer Tracy and Lionel Barrymore head the cast of the first air picture produced by Metro-Goldwyn-Mayer in more than two years.

Director Victor Fleming has incorporated some of the most startling flying scenes yet seen in an aviation picture. The nature of the subject, dealing as it does with men who daily dare their lives in a duel with death, insures a world of thrills. They're there.

The story is that of a test pilot, played by Gable. Without varying from factual experience, it tells exactly how one of these daredevil lives, not sparing the man, but without showing that he is human. The romance is a three-act affair between Clark Gable, Myrna Loy and the "woman in the sky," who is the pilot's first love, Spencer Tracy sacrifices his life to prove to Gable that his wife is far more important than the calling which has been forever clutching at the narrow throat of his life.

### SALMON ARM GIRL IS HONORED BY FRIENDS

SALMON ARM, B.C., July 18.—Miss Margaret Bedford, assisted by Miss Eileen Stewart and Miss Laura Yorkman, was hostess at a recent shower in honor of Miss Mabel Evans, whose marriage takes place August 5. Special pens and place cards were arranged throughout the sitting-room while the tea table was centered with a bowl of white roses reflected in a mirror centrepiece flanked with white candles. Presiding at the tea table were Mrs. Robert Parker and Mrs. W. Stewart. Assisting in serving the guests were Miss Helenetta Hishop, Miss Betty Kappel, and Mrs. Leslie Clarke.

### BAKERS PROTEST

KELOWNA, B.C., July 20.—A petition protesting against the practice of a local wholesaler of importing cakes from Vancouver and selling them on consignment to local stores, was presented to the city council on Monday night by Fred Burr.

### Mixed Cars

(Continued from Page 1)

ment. This method of shipment is not permitted in the United States and is a privilege enjoyed only in the Dominion. Those who favor its continuance point out that it is a distinct advantage when, as in apricots, there is not sufficient at any one point, during the early stages of ripening, to load a car and it is at the present time quite possible for those wishing to do so to load straight cars.

Those favoring shipment of straight cars only, contend that by doing this they will avoid costs of assembling, that fruit will be delivered in a better state of maturity and thus increase its popularity. Those opposing declare that shipment of straight cars only will materially curtail distribution, because smaller markets can't take straight cars.

The opinion expressed by the C. E. Robinson Co., Winnipeg, gives one view which is largely concurred in by others. This view is thus expressed:

#### DIFFERENT VIEWS

"We haven't any doubt but what straight cars loaded at the point of production, and shipped at the state of maturity which is just right, would be more advantageous to the buyers than can handle straight cars of the different commodities. However, in our opinion, it would work an injustice on the smaller dealers, and the independent dealers throughout the territory, the number of whom seem to be decreasing rather than increasing, which is probably not good for the growers of fruit in British Columbia."

The Dominion Fruit Limited, Winnipeg, wholesalers, give the other view. "It has been customary in the early peaches—to arrive green and immature, with the result that customers see them on display—buy them—and waste good cream and sugar. They are disappointed and lay off them, which results in the jobber holding the bag. They decay before ripening. If they were left on the trees to mature and arrive in edible condition, the trade would have confidence and buy freely."

"We are in favor of all deciduous fruits being shipped in car lots. We could then advise our customers that peaches plums and prunes were now at their best, and this was peach week and now was the time for preserving them."

The Safeway Stores, Vancouver, sees advantages in mixed car shipment for country points and in straight cars for large centres.

Points made by John Mars, Oliver, for the shipment in straight cars is the cost of assembly; the harvesting of green fruits; the reduction of claims and losses. The present system tends to reduce the peach and apricot crop; and the loading and handling is taken out of the hands of those who know best how to handle them, he said.

E. J. Chambers said this would not apply to the Associated Growers. "Our organization does not have peaches or apricots picked too green. There are no more heavy claims for losses, the claims being practically non-existent and only amount to a fraction of a cent a box. Where straight cars can be shipped they are so moved. There is some trucking at this end but it is better to truck soft fruits immediately after picking than after three or four days on the trains to move from prairie centres in trucks to country points. The Associated system of inspection at the packing houses assures movement of only good fruit. Ninety percent of the points complained of do not apply to fruit shipped by the Associated."

R. B. Staples said he had attended the meeting himself because Sales Manager A. C. Lander appears to be too strongly in favor of moving stone fruits in straight cars. His opinion was not much more than he had not definitely made up his mind, Mr. Staples said. However, he would say that sooner or later they would do away with mixed cars, not this year or next year.

The growers in the south are going to keep agitating until the soft fruits are only paying their fair portion of the extra costs involved in the movement of mixed cars, said Mr. Mars.

"CATASTROPHE" would be a catastrophe, said W. H. Adams, Kelowna. "The small populated centres on the prairies, a large portion of our market, can't take straight cars of stone fruits. To eliminate the small jobber and the small centre would be disastrous."

A. DenBrisay, Penticton, said that if the costs piled on soft fruits were spread over all the commodities the disturbance would end and Mr. Mars said that if an L.O.B. price were paid, Oliver and Osoyoos would drop their objections.

If shipping mixed cars helps the growers of soft fruits, they should pay for it. If it helps the growers of vegetables and apples, they should pay, said Mr. Staples. Max DePuytor, Kelowna, pointed out that very often stone fruits are not available in quantities sufficient to make a shipment of straight cars possible. The independent shippers should do as the Associated does.

"Competition set up in this valley in the course of the whole deal," said O. W. Hembling. The solution is to set the one-deck to market the fruit.

The main shipping houses have branched at noon in the valley, said Major M. V. McGuire, Vernon. If smaller shippers have trouble to get mixed cars the larger shippers might assist them.

There were more mixed car shipments under the winter than the one-deck plan than ever before, said Mr. Fitzpatrick. He knew of seven shippers all contributing to make up one car. The one-deck deal last winter had not got away from re-shipment as Mr. Hembling inferred it would.

As the only member of the one-deck sale committee present, Mr. McNair reminded the men that the one-deck operation last winter had been called on as an emergency measure when the deal looked almost hopeless and after the best part of the season was over. It could not be taken as a test of what the one-deck deal would accomplish if organized in time.

### Manion Supporters

The R. J. Manion forces were out in full for Conservative convention at Ottawa, when he was chosen leader of the party. His wife is shown with his grandson, John Paul.

## 250 Unemployed May Travel To This City

Men Now In Kamloops And Penticton—Arrived Tuesday From Coast

Word reaching this city from Kamloops, where approximately 200 unemployed arrived from the coast Tuesday afternoon, is to the effect that the men are unlikely to travel to Vernon or down the Okanagan Valley, but if they do so will probably come tomorrow, Friday.

Some 50 transients who rode into Penticton from the coast on a freight train will likely be followed by 100 more. This "rear-guard" spent the night at Penticton, it is believed, while 200 others were at Ruby Creek, on the Lower Mainland.

At Victoria, Wednesday, Provincial government officials announced that single homeless men who insist on moving through B. C. in large groups will get no relief allowances, after they had been informed that some 300 youths from Vancouver and Penticton had arrived in Kamloops and Penticton.

In a statement, Hon. G. S. Pearson, minister of labor, announced that relief allowances under the recent agreement between the government and the single homeless men would be given only to unemployed who look for work in a manner calculated to discover jobs, and not to men travelling in large numbers.

"Some 550 British Columbia men have been given relief in Vancouver under the new agreement," Mr. Pearson said. "Now reports indicate that the Relief Project Workers' Union is holding together some 500 men and apparently are urging them to go in large groups to interior towns."

"Naturally, these towns can not absorb them on a large scale work. No small town in the province can do so."

### WORK TO DO

"Our arrangements with the men was that they were to move through the country individually looking for jobs in the outlying areas. There we know there is casual labor to be found, but not in the towns to any extent."

Mr. Pearson declined to say what would be done about the 150 men now in Kamloops and the equal number in Penticton, as each case must be dealt with individually, but it is expected they will get no relief.

Those who can show they have been looking for work in the last ten days will get three days' work at \$3.20 a day and not an outright cash allowance.

### PENTICTON NINE IS OUT OF PLAYOFFS

PENTICTON, B. C., July 20.—Penticton said goodbye to a chance at competing in the Southern Okanagan League play-offs, by losing Sunday's game with Brewster on the latter's diamond. It was a shut-out insofar as a local score was concerned, the final total being 6-0 for Brewster.

Playing on the sun-baked Washington diamond, on one of the hottest days of an exceedingly warm spell, the Penticton boys were not at their best. In addition, it was an "off" day for Lefty McGowan.

In the other game played on Sunday, Omak took Oroville 7-0, and Okanagan took Bridgeport 4-0. This means that Omak and Brewster will play a sudden death game for first and second place while Bridgeport and Okanagan will play a sudden death game for third and fourth spot. Both these games will be held at Omak on Sunday.

### DR. McLARTY RETURNS FROM OTTAWA MEETING

SUMMERLAND, B.C., July 20.—On Friday, July 15, Dr. H. R. McLarty, of the Dominion Laboratory of Plant Pathology, returned to Summerland after attending the summer meeting of the American Association for the Advancement of Science, which were held at Ottawa recently. Dr. McLarty reports that the meetings were well attended and that some interesting and stimulating scientific papers were presented.

The annual conventions of the Canadian Society of Technical Agriculturists and the Canadian Phytopathological Society were held at the same time. Dr. McLarty was delegate from the Interior B.C. local at the meetings of the former society, and was elected as president of the latter organization for the coming year.

Italy is importing more American cotton than a year ago.

### STORES WILL CLOSE ON AFTERNOONS OF RACING CARNIVAL

Pet Parade Will Be Held For Children On "Klondyke" Night

Stores and all other places of business in this city have agreed to close for both Wednesday and Thursday afternoon, August 17 and 18, so as to allow employees and shoppers to attend the "Vernon Day" race carnival. Plans that will assure this city of two days of eventful, stimulating entertainment, on Wednesday and Thursday, August 17 and 18, are rapidly rounding up in shape, report members of the executive committee of the Kinsmen Club, which is sponsoring the "Vernon Day" celebration.

The prime features, two days of horse racing and two "Klondyke" nights in the Sports Arena, are reported as having details nearly completed. At Wednesday evening's carnival, a pet parade will be held, giving youngsters throughout the district an opportunity of displaying their dogs, cats, horses, ponies or any other pets. A lengthy prize list including awards for best decorated bicycle, best pet in harness, best decorated pet, and most original costume in parade, has been drawn up. Prospective contestants should register at Charlie Fulford's store immediately.

The \$1,200 prize money for the two afternoons of horse racing is said to be attracting the pick of Interior thoroughbreds, and possibly some from the neighboring state of Washington.

This city's "best beard" competition, which has aroused wide comment throughout the Okanagan, is attracting fresh converts every day, it is reported. A list of cash and merchandise prizes of over \$100 has been donated.

The best full beard will be worth \$25 to some man at the "Klondyke" carnival Thursday evening. Other prizes include awards for best full and best trimmed beards of these colors: black, brown, red, sandy, grey, and silver tip. The most original trimmed beard will draw a prize as will the most uneven one that showed definite effort to produce on the part of the wearer.

### Arena Finance

(Continued from Page 1)

rears received of \$7,669, and interest of \$133, for a total of \$23,967. Under sundry receipts are listed such items as: rentals, \$643; trades licenses, \$3,906; police court fines, \$649; motor vehicle grant, \$4,310; scavenging fees, \$355. The total is \$11,155. Water rates collected were \$10,313. The bank loan was \$55,000 as at June 30.

Disbursements under the finance committee included: interest on debentures, \$6,560; public aid, \$1,866; administration of justice, \$3,214; superannuation, \$1,121; coding moth control, \$1,059; Workmen's Compensation Board, \$360; special relief, \$23,623; less amount repaid, \$16,161, total \$7,462; administration of relief, \$699; social services, \$2,000; fire protection, \$7,209; waterworks system maintenance, \$8,250; under-drainage construction, \$308.

In the half-year period \$7,000 worth of debentures matured and were paid and \$500 in debentures purchased.

The health committee spent \$7,291 on sewer construction and maintenance and other expenses; the board of works \$12,844 on roads and sidewalks maintenance and boulevards; the City Hall committee, \$2,750; parks and cemetery, \$1,038; street lighting expense was \$2,550; fire protection, \$7,209; waterworks system maintenance, \$8,250; under-drainage construction, \$308.

The men were quite orderly and moved away without many words passing; they hardly ever conversed among themselves, most of them walking with downcast eyes. No policeman was on hand in uniform although two mounted and one provincial policeman off duty and in civilian clothes were on the platform when the freight pulled in.

### NUMBERS INCREASED

It was originally understood that there were only 300 men coming to the interior and that they would not travel in one large group, but would divide into three sections, of approximately 100 each, one going to Nelson, one to Penticton, the third to Kamloops.

Their decision to move in two augmented groups may have repercussions. Monday, Hon. G. S. Pearson, minister of labor, said in Victoria that if the single homeless men move through B.C. in large organized groups, "the government will know how to deal with them." He declined to comment further.

Labor department officials in Vancouver said Tuesday that the men must know "that groups of two or three hundred cannot possibly hope to get work in any part of the province at one time."

### WILL BE ORDERLY

The homeless men publicly stated before their departure from Vancouver Monday night that they intended to remain disciplined and orderly.

The group which arrived here today contains, according to report, British Columbia resident unemployed who were removed from relief rolls in May and who participated in the Vancouver all-district demonstration and the trek to Victoria. But this does not jibe with official records, and it would appear that the ranks have been augmented.

The unemployed from outside the province are being given relief in Vancouver until August 15 when they must go to the prairies in search of harvest jobs.

### NEW PARKING LAW IS CAUTIONING MOTORISTS

PENTICTON, B.C., July 19.—Quite a number of local and district residents have lately learned of the existence of the recently passed by-law regarding parking of trucks on side streets adjacent to Main street. During the week and several warnings were issued by provincial police in connection with this regulation.

### EDITORIAL IN THE VERNON NEWS MUCH DISCUSSED LOCALLY

"A best quality standard product, well publicized, would soon find a market among a progressive people."

If any one sentence can summarize the meaning and the purpose of the subject dealt with editorially in the last edition of The Vernon News, this is the one that can do it. Following the issue of this newspaper there was much comment. An unusually large number of persons expressed their views to the publisher on the editorial, "Why is there no demand that ice cream be of the best?" Many were in accord. Some thought they had being hit at. Others said they did not know that the makers of Noca butter were going into the manufacture of ice cream.

Fred A. Grahame, of the Royal Dairy, invited the publisher to visit and inspect the plant where he manufactures butter and ice cream. "I thought I knew about all the plants in Vernon," said W. S. Harris on his return from Mr. Grahame's dairy plant on Girouard Street, and a visit to that part of the Inland Ice plant where the ice cream is whipped and frozen.

The ancient idea that the world will beat a path to the home of the man making a better mouse trap has long ago been exploded. Not only must he make a better mouse trap but he must tell about it.

### School Board

(Continued from Page 1)

the City Council with the situation. If something is not done to move these men we may wake up some day to find a terrible tragedy in our community. We are sorry for these men but our job is to protect the children."

It was decided to write the City Council asking for action to keep the whole park area permanently free of transients before school opens.

### CLINIC TO BE BUILT AT PENTICTON SOON

PENTICTON, B.C., July 20.—Construction will be commenced almost immediately on a fully modern clinical building to be occupied when completed by a group of Penticton medical men, and a dentist. The structure will be erected at the corner of Fairview Avenue and Ellis Street. Comprising fully modern construction of this type, the building will cost in the neighborhood of \$6,000. It will house offices for Drs. R. B. White, J. R. Farmlay and W. H. White, and Dr. T. F. Farmlay, dentist.

## TENDERS

### For Purchase of School Building

Tenders will be received up till noon July 30, for the purchase of the Manual Training Building situated on School Property in the Park area. The building to be removed within reasonable time. Inspection may be made by applying to the High School caretaker.

Highest or any bids not necessarily accepted.

BOARD OF SCHOOL TRUSTEES.

# Town and District

E. A. Passmore was a visitor to Vancouver and Victoria last week.

Fred O'Keefe returned home this week after a short visit spent in Calgary.

Mrs. F. B. F. Nicholson and her children are spending a holiday at their camp in Sorrento.

Jack Swift, formerly of this city, returned to this home in Vancouver after a week spent visiting here.

Miss Claire Clarke left on Tuesday for a visit to be spent at the home of Mrs. Jarvis, of North Vancouver.

Mr. and Mrs. T. E. Yuill and their niece, Miss Joan Yuill, were in Vancouver last week. They returned to Vernon on Sunday.

T. R. Bulman, of Bulmans Ltd., is at present on a trip to the prairie. Mr. Bulman will be in Winnipeg over the week end.

"Jim" Bradley left on Wednesday for England, where he will visit with relatives in Kent later in the month. Mr. Johnston is now residing in Chilliwack.

L. A. Lang, Okanagan representative for Laurence Smith Co. Ltd., of Vancouver, returned this week from a ten day business trip to Vancouver. He was accompanied by Mrs. Lang.

Visiting at the home of Mr. and Mrs. J. E. Montague is Mrs. Montague's mother, Mrs. Robert Carswell. Mrs. Montague's nephew, Kenneth MacDougall, also of Kamloops, is visiting with them.

Visiting her sister and brother-in-law, Mr. and Mrs. A. W. Thompson, of this city, Mrs. D. Macdonald, of Vancouver, Bay Vancouver Island, and her daughter, Sheila, are spending a holiday here.

Owen Karn, prominent local junior cricketer, returned to his home in the Coldstream on Wednesday after almost three weeks spent touring Alberta with the Vancouver Junior Cricket eleven. He was the only member of the team not resident in Vancouver.

Mrs. Frank Harris and her niece, Miss Carol Hoadley, of Oakland, California, who have been visiting Mr. and Mrs. W. S. Harris, left this morning, Thursday, on their return to their home in the South. They were delighted with Vernon and with the hospitality of the people here.

Mr. and Mrs. Turnbull and their son, Bob Turnbull, returned to Vernon last week after a visit to Vancouver. Miss Bertha Banting, who had been visiting them, accompanied them to the Coast. When they returned to Vernon Mrs. Turnbull's sister, Miss L. R. Boake, came with them to spend a visit here.

Miss Margaret Davies, soloist of First Baptist Church, Vancouver, will give a solo selection in the Vernon United Church next Sunday evening, it is announced. Miss Davies sang at the church on Sunday morning last and was kindly requested to appear once more. The soloist at the morning service will be Miss Joan Oliver.

A number of Vernon residents who have spent the last week visiting Calgary and the stamper, returned to this city on Wednesday. Mr. and Mrs. C. Bertelsen, Miss Viva Macdonald, Miss Mildred Phillips, and Miss Jane Stevenson all of whom visited not only Calgary, but also the surrounding towns, arrived home on the same train.

The Juxex Library and Stationery store opened in Vernon on Tuesday. The premises formerly occupied by the Vernon Meat Market on Barnard Avenue. This newest business venture in the city is under the proprietorship of Miss Ruth Judge, formerly a member of the staff of the Kelowna Courier, and her brother, Alan Judge, who has been a resident here for a number of years.

Word received by his mother, Mrs. A. O. Cochran, states that Homer Cochran, now a member of the Royal Air Force, stationed in England, had been ranked as an "A" class pilot. Mr. Cochran was the first to fly solo at his class, flying without an instructor after 11 days of training. He is stationed not quite 15 miles from Lorne Chambers, the son of Mr. and Mrs. E. J. Chambers, of this city, who is also a Royal Air Force pilot.

On Tuesday evening, the home of Miss E. Drew was the scene of a celebration given in honor of Rev. and Mrs. J. C. Hardy whose thirty-second wedding anniversary it was. Although Mrs. Hardy is in Vancouver on holiday, Mr. Hardy and Miss Hope Hardy attended the gathering of about 35 members of the congregation of the Emmanuel Regular Baptist Church. A presentation of a picture of the new Emmanuel Baptist Church was made to Mr. and Mrs. Hardy with the best wishes of all those present.

Two prominent officials of the C. P. R., N. B. Nickalls, of Montreal, and W. H. Fletcher, of Vancouver, were visitors in this city during the past week. Mr. Nickalls, who was accompanied by Mrs. Nickalls, is the supervisor of perishable traffic for the Canadian Pacific Steamships with a territory that extends from Hong Kong to Coventry, England. He was struck by the superior of Vernon's "boarded men" but felt that the East had it all over the West when it came to growing beards.

R. G. S. Anthony, of Trail, whose snapshot of "Oxygrip" taken last year at Penticton, roused such keen controversy throughout the Okanagan and indeed spread to England, was a visitor here this week. Mr. Anthony took the "shot" of the "monster", unfortunately, was intentionally placed in the lake by members of a service club meeting in convention there. He is a keen photographer who makes his hobby pay not only by his equipment but also as a specialist in trips throughout the country. This he does by entering various competitions.

Mrs. D. N. Ferguson left last Friday for a visit to Halcyn Hot Springs.

Leonard Johnson, of this city, left on Wednesday evening for a short holiday at the Coast.

Miss Kay Curtis, of Revelstoke, is spending a holiday visiting relatives and friends at Okanagan Landing.

Miss Patsy Cochran is at present spending a two weeks' visit with Miss Audrey Finlayson, in Sicamous.

Timothy Low left Vernon last Friday on his way to Vancouver, where he will make his home in the future.

Miss E. M. Doherty, of Vancouver, is in this city visiting with her mother, Mrs. S. Doherty, during the summer holidays.

Mr. and Mrs. A. W. Henderson left this morning on a two weeks' fishing trip that will take them to the Kamloops district.

Mr. and Mrs. Stanley Warn returned to this city on Friday after a two weeks' holiday spent in Vancouver and Victoria.

Mr. and Mrs. Charles Prior and family left by motor last Sunday to spend a visit with Mrs. Prior's parents in Nelson.

C. J. Keller, of Vancouver, district manager of the North American Life Assurance Co., was here on business last Friday.

J. S. Monk and E. W. Prowse have been spending the past few days on a short fishing visit to Sugar Lake. They will return Friday.

Miss Betty Ryder, of Swift Current, Saskatchewan, arrived in Vernon on Monday to spend the next two weeks visiting Miss Stella Pearson.

Eddie Openshaw and Les Bradford are enjoying a ten day holiday that will take them to Seattle, Vancouver, and other Coast points.

Mr. and Mrs. T. W. Hyland left this city on Monday evening, for San Francisco, where they will spend the next two weeks on holiday.

Mrs. H. A. Speires, who has spent the past month visiting here, left by motor on Friday to return to her home in Vancouver.

Mrs. Ingles, of Salmon Arm, spent a short visit with Mrs. S. S. Gordon at their home, here last week.

Captain M. Wilson, of the Salvation Army, returned to his home in Vernon after a three weeks' vacation spent at the Coast.

Miss Bonita Prowse left last Monday on a month's vacation during which she will visit relatives at Seattle, Victoria, and in the Fraser Valley.

W. T. Cameron and his son, Donald Cameron, left on Thursday of last week to visit the Calgary stamper during the last two days of the show.

Miss Margaret Lindsay, of Vancouver, has been spending the past few days visiting her brother and sister-in-law, Mr. and Mrs. Gordon Lindsay.

Mrs. D. Macdonald, of Comox, and her daughter, Sheila, arrived here on Saturday to spend a ten day visit with Mr. and Mrs. A. W. Thompson.

Charles and James Bewick, of Vancouver, left on Sunday after a few days spent visiting their parents, Mr. and Mrs. William Bewick, of this city.

After spending two weeks visiting Mr. and Mrs. D. A. McBride, at Okanagan Landing, Stanley Dakin left for his home in Nanaimo on Wednesday evening.

Mrs. R. J. Smith, of Trail, with her small son, Stanley, arrived in Vernon on Sunday to spend a month's visit with her parents, Mr. and Mrs. W. Stanley.

Miss Kay Robinson and Miss Helen Arnold, members of the nursing staff of the Vancouver General Hospital, have left to visit Miss Robinson's parents at Salmon Arm, after a visit spent at the home of Mr. and Mrs. C. A. Hayden at Okanagan Landing.

Mr. and Mrs. Harry Miller, with Mrs. T. Collier and Douglas, motored down to the Coast last week to spend the next few weeks on holiday. Mrs. Collier and Douglas are staying at Horseshoe Bay, which is near West Vancouver.

Mr. and Mrs. Demetri Schoch, of San Francisco, are at present visiting in Vernon. Mrs. Schoch's brother, H. R. Denison, of this city, and N. L. Denison, of Oregional Valley, Mrs. Schoch also intends to visit her sister, Mrs. Nesbitt, of Summerland, during her stay in the Okanagan.

# KAMLOOPS LACROSSE TEAM BEATS LOCALS; MAY PROTEST GAME

Referee Hebb's Ruling May Result In Protest—Score Was Close

Team	P	W	L	Pts.
Kamloops	11	7	4	14
Salmon Arm	9	5	3	12
Vernon	10	3	7	6

Headed out by one goal in the game's dying minutes, Vernon Senior box lacrosse squad dropped an interior league fixture, 16-15, to Kamloops at the main line centre on Tuesday night.

Players and supporters who accompanied the team, on returning to this city, complained vigorously of several last-minute decisions by the Kamloops referee, E. L. Hebb. Reports state that referee Hebb, the only official in charge, practically presented Kamloops with the game when he dealt out a penalty to Vernon's playing coach, Ken "Truck" MacDonald. The story is that MacDonald got through the Kamloops defence and was heading for the goal with the score tied at 15-15 when MacDonald, playing for Kamloops, grabbed the Vernon man by the neck, preventing completion of the play. Hebb gave both a penalty.

A protest may be entered by the Vernon Box Lac Association. The game was an important one for both teams, especially so for the locals who are striving for a playoff slot.

Tomorrow evening, Friday, Salmon Arm appears in a scheduled league fixture in the Sports Arena. Game-time is 8:30 o'clock.

# VICTORIA INVITES MAYOR H. BOWMAN TO ATTEND CELEBRATION

U.B.C.M. Meeting In Nelson On September 14-15, Council Hears

Victoria, capital city of British Columbia, will observe "Navy Week" from July 30 to August 5 next, and an elaborate program has been prepared for the event. At Monday evening's City Council session, two invitations to have Mayor Harry Bowman attend this function were received.

In conjunction with "Navy Week" a conference of mayors of 33 cities in the Pacific Northwest will be held for the purpose of discussing plans for civic celebrations for 1939 and of arranging dates.

"I think that the Mayor should attend," Alderman C. J. Hurt commented, "thank Victoria for the invitations, and pack his bag."

The letter was finally received and filed. Alderman A. R. Smith declared: "I hope you find it convenient to attend. Your Worship."

"It's quite convenient, but I can't afford it," Mayor Bowman replied.

The Union of B.C. Municipalities will hold its annual convention in Nelson on September 14 and 15 next, at the Hotel Victoria.

Secretary R. R. P. Sewell, of Royal Juk, Vancouver Island, some members of the Council will probably attend.

H. W. Galbraith, on behalf of the Okanagan Landing Regatta Association executive, wrote asking the Council to declare a holiday from 11 a.m. Thursday, July 28, to enable employees of stores to attend the series.

A motion of Alderman A. O. Wilts, it was decided to refer the communication back to the writer to be taken up with the Business Men's Bureau. Should this body be agreeable to the extra hour holiday, the Mayor will issue a proclamation.

W. W. Moore, of Western City, and Pad & Drum Co. Ltd., invited the Council to attend the official opening of the new factory on Saturday next, July 23.

# VERNON GIRL WINS SINGLES AT TENNIS MEET IN PENTICTON

PENTICTON, B.C., July 20.—With a larger entry list than last year, the Southern Interior lawn tennis championships were played off on the Penticton courts July 14-16 inclusive. Players from Vancouver, Trail, Rossland, Kelowna, Vernon, Summerland and Naramata joined with Penticton tennis experts in the series.

Most exciting of the finals, all of which were close, was the mixed doubles contest in which D. Stubbs and Mrs. H. G. M. Gardner, of Kelowna, defeated S. E. Angus and Miss L. McDonald, of Rossland. McDonald, of Rossland, downed G. L. Murray in the men's singles, while Miss Elsie Coleman, of Vernon, defeated Miss J. Inverfield, of Kelowna, in the ladies' singles.

BAND CONCERT TONIGHT AT KALAMALKA BEACH

The City Band is presenting its weekly concert at Kalamalka Lake tonight, Thursday, at 8 o'clock. The program is as follows: march, "Mistral Moon", overture, "Kalamalka", "Moonbeams", selection, "Harmony Queen", tone poem, "Romance", waltz, "Gondola", march, "Harmónica", overture, "Spectator", selection, "Welsh", march, "Mighty Monarch".

# ROTARY CLUB SHOWN FILMS

International Convention Excellently Described By Dr. F. E. Pettman

Vernon Rotarians were taken on a tour through the Bridge River country by Alfred E. Booth and E. Carey, of Travel Films, Vancouver, at Monday's luncheon and they were given a close-up, in natural color, of that rugged country, its water ways its stopping places, and its mining development. Mr. Booth and Mr. Carey are making a comprehensive moving picture story of British Columbia, its scenery, and its primary industries.

Besides the mining activities in the famous gold country, they showed Indians netting salmon for drying and a mother rabbit feeding five little youngsters. These snapshots were taken "on the fly" as Mr. Booth inserted human interest material whenever he located it. Other attractive pictures featured the flowing cactus and penstemons of the Bridge River area.

Mr. Booth observed that this great district would be a marvelous mining territory one day. What was needed was capital for development, and the right type of development, which did not include figures on blackboards.

He and Mr. Carey are engaged in filming the various branches of agriculture along the Main Line and in the Okanagan with a view to showing them on the prairies and in Great Britain.

L. R. Clarke thanked the program principals in behalf of the club. The smile of the meeting was furnished by Cecil Johnston, who asked his table mate: "Who is that distinguished looking chap with the whiskers?" It was Everett Clarke, who acknowledged the introduction gracefully.

One of the finest talks the Rotary Club has heard in a long time was that given by Dr. Frank E. Pettman at the luncheon meeting, the subject being the recent International Rotary conference in San Francisco in June. Dr. Pettman presented a realistic picture of the proceedings and the marvelous entertainment which was provided, in addition to the worthwhile meetings that impressed him was the perfect organization, running through four days. Everything was timed to the split second and so complete were the arrangements that there was not the slightest hitch.

# KALAMALKA LAKE ROAD HAZARDOUS, SAYS A. T. HOWE

"There is going to be a tragedy on the Kalamalka Lake road unless something is done pretty soon."

Such were the words spoken by A. T. Howe, well known road builder, at the Vernon News, on Wednesday afternoon. The hundreds of people who are using the road now are not being given a chance, stated Mr. Howe. The road is not more than twenty feet wide from the center line to the edge of the bank and it is pedestrans wish to get out of the way of passing cars they must either climb the bank on one side of the road or else step down the slope on the other.

Mr. Howe said he understood that a large number of unemployed men were coming into Vernon and he thought that they should be put to work cutting back the bank and building up the slope on the other side, "in order to give the pedestrians a chance."

"If the hot weather continues in the future as it has for the past week, traffic on the road is bound to be very heavy and the possibility of a serious accident is very great. Something is not done, someone is going to lose a child," concluded Mr. Howe.

# TOURNEY OPENS

On Monday, Tuesday, and Wednesday of next week, July 25, 26 and 27, juniors from all parts of the Interior will congregate at the Vernon Country Club to compete in the Okanagan Valley Junior tennis tournament.

At a meeting of the tournament committee, it was decided that the tournament would be a closed one, open only to Interior residents. There is a large entry list, mostly, of course, from Vernon. Many more are expected to enter, however. Strong opposition is expected to come from Kelowna, Kamloops, and Summerland, and the tournament will be a keenly contested one.

# MRS. J. A. BRYCE DIES IN JUBILEE HOSPITAL

Funeral services for the late Mrs. Katherine Patterson Bryce, who died in the Jubilee Hospital on Wednesday, July 20, at 10:30 a.m., will be held from Campbell Bros. Ltd. parlors this afternoon, Thursday, at 2:30 o'clock, with Rev. G. Harrison Villot officiating.

Mrs. Bryce, who was born in Glasgow 73 years ago, was married 45 years ago and came to this city in 1910. She had been a resident here since that time.

Besides her husband, J. A. Bryce, Mrs. Bryce is survived by four sons, John and Harry of Vernon, James, of Santa Monica, Cal., Norman, of Seattle, Wash., and by two daughters, Mrs. C. Bessette, of Lumby, and Mrs. J. Anderson, of Otter Lake.

### WHISKERED BATHING BEAUTY PARADE WOULD BE GOOD

WHISKERED gentlemen are very much in the public eye. Obviously most of the beards are first attempts and just as obviously not all the fellows are growing them to improve the beauty of the scenery though they may accentuate the difference between male and female attractions.

Whiskers will have with us for weeks until the Vernon day programs on August 17 and 18. By next Thursday, when the North Okanagan regatta is to be held at Okanagan Landing, they should be in full bloom and will no doubt lend an added air to those so adorned when garbed in bathing suits.

The North Okanagan Landing Regatta will miss a bet if a full attendance is not assured of all the fellows growing beards and clad in the added beauty of approved and scanty bathing suits.

This would make a real bathing beauty parade. One that would be remembered and pictures of which would be treasured in after years and by generations yet unborn. What ho, whiskers!

### ALTERNATE ROUTES HELP THE TOURIST TRAVEL BUSINESS

TOURISTS help business. That is, when the tourists come here, not when our people go touring in other parts. Of course, there can be no steady movement like a stream but there must be a coming and a going.

Business men who feel the benefit of tourist business should do all they can to hasten the day when the Revelstoke-Golden gap in the Big Bend Highway is completed.

When it is possible for people to drive from coast to coast in Canada, over good roads, then we shall know some of the benefits which will come when the Okanagan fully wakes up to the volume of travel that may be directed through here, particularly when the Hope-Princeton highway link is complete and there is provided an alternate route to and from the Pacific Coast. Not many travellers like to go and come over the same highway. Usually they won't do it. A drive out from the Coast over the Hope-Princeton highway with a return over the Cariboo trail will bring thousands into the Interior who now know little or nothing except the highways over which they speed to points south on the Pacific Coast.

### VIGOR OF ASSAULT SHOULD NOT BE MISTAKEN FOR ITS JUSTICE

STATISTICS can be made to prove anything, is a statement in which there is a great deal of truth and the growers of early vegetables will do well to take more than a passing interest in those to be assembled by the Tree Fruit Board regarding the movement of stone fruits and their relation to cost of the assembly of mixed cars.

Growers of stone fruits, particularly those who have recently come into the Okanagan Valley, are naturally inquiring into the costs assessed against their fruits as they move to market. They are taking nothing for granted. They keenly feel the heavy burden of costs and naturally they are inquiring as to whether they are equitable. They rightly feel that the lands which produce in such abundance so rich a profusion of fruits and vegetables should yield greater returns to those who grow them.

They are certainly right in taking nothing for granted. At the same time those who for years have grown fruits and vegetables need to be on their guard to see that the impetuosity of the attack does not result in throwing an undue weight upon the scales and in tipping them over on either side.

Also it is just as well to make certain that in moving for abolition of the mixed car privilege the smaller shipping houses are not mere pawns in a game the real object of which is the desire of larger interests to injure the lesser fellows.

There are interests on the prairies controlling several houses in the same centre. Such interests can easily order straight cars and do their own dividing and if they can make the deal a straight car operation their less powerful rivals face a real barrier.

The feats of the pioneers can no longer be duplicated in conquering the lands and in bringing them into production so that the pioneering spirit is being shown in a refusal to take the established order at its face value. The present day pioneer is thrusting forward in a different way but none the less vigorously. So long as he only obtains his rights no one can point a finger at him but the time when he is alert and demanding is also the time for others to be equally vigilant to see that something is not taken away from them and given to those whose vigor of attack appears to demand an appeasement more than is their just portion.

### CONSIDERATION MUST BE GIVEN TO THE ONE DESK SALES PLAN

WHEN to speak and when to be silent is difficult to determine. A case in point is the advocacy of the one-desk selling plan at the meeting of shippers and some growers called to discuss the claim made by certain southern growers that the movement of stone fruits is injured by the mixed car privilege.

The meeting was held in the Board of Trade room at Kelowna on the morning of a hot day. The temptation to say that the one-desk selling plan offers hope for a greater measure of advantage for the growers, than anything else was very great.

O. W. Hembling, known for his consistent ad-

## Midsummer Lake

So still a thing  
this lake;  
so deep, so blue.  
Somewhere the wide sky broke  
and poured this color through.

Nothing to see,  
to note;  
so calm, so still.  
This is the art of silence  
now made visible.

in blue above, below.  
What bird,  
in seamless lake or sky,  
will change the pattern  
with a wing, with a cry?

JOHN RITCHIE

vocacy of central selling, now called the sale of the crop over one desk, could not resist the impulse to say a few words in favor of that idea. No one wanted that idea dragged in to clutter up the discussion, so after F. L. Fitzpatrick declared there had been more reshaping of fruit under the one-desk sales plan than he had previously known, it was up to David McNair, only member of the one-desk sales committee, present, to point out that the plan had only been used for a part of a season and under circumstances which pointed to a disastrous flood of red ink for both growers and shippers, and out of which they scrambled by the aid of sales over one desk.

The point is that the discussion was necessarily restricted and wholly futile and much as Mr. Hembling might have wanted to advance the cause he has so genuinely at heart, the result was more detrimental than beneficial.

Sooner or later there is bound to be a full discussion of the advantages of the sale of our apples over one desk. It proved the salvation not only of the growers last winter but of many shippers as well, so that it will not easily down. Then there is a growing belief that field warehousing of fruits and vegetables will provide an accounting system which will be of immense benefit. There are powerful interests opposed to both these ideas, but as R. B. Staples says of the straight car movement, sooner or later they are bound to come.

Sales over one desk will not turn a buyer's market into a seller's market but there are reasonable hopes that together with field warehousing, it will return to the grower much more of the consumer's dollar than now filters through the hands of the shippers. A course of events which will benefit not only the growers but the business interests in all the centres dependent on the fruit industry for any measure of their prosperity. Better to have hundreds of growers each with a few extra dollars in their pockets than be known as the home of a few wealthy men connected with the fruit shipping business.

### WHY ARE FIGURES FOR VERNON NOT AVAILABLE?

Too often statistics regarding Vernon fail to appear in publications emanating from Vancouver. The other day the Vancouver Province printed an item presumably gleaned from two gentlemen connected with the attempt to make the Dominion Housing Act effective. Apparently they had been at Penticton, Kelowna, and Kamloops, but there was no mention of Vernon, though these same gentlemen were in this city a whole morning and a good deal of effort had been made to get them necessary information.

The Journal of Commerce issued a review of 1937, a commercial industrial number in May. Under a heading of "Construction Survey" and a sub-head of "Record of 10 Years' Building in B.C. Centres," figures were given for Kamloops, Kelowna, Penticton, Trail, and a lot of other places, some larger, some smaller, but the Vernon figures were omitted.

Application to the City Hall elicited the information: that though Vernon building figures would not have made a very good showing in some of the earlier years, for 1935-36-37, they were greatly in advance of other centres of about a similar population. The point is that no matter whether they would have bulked large or small, they should have appeared. No doubt the same sources were asked for the information in all the cities. In Vernon, some one appears to be falling down on the job.

### TEN, TWENTY, THIRTY, FORTY YEARS AGO ITEMS INFORMATIVE

TEN, twenty, thirty, forty years ago items on this page are generally full of information and fair reading. Readers who pass them up unread, should only do so if they have no interest in the Okanagan Valley or if more personal memories are highly cherished.

To have accurate knowledge of the week by week history of this valley or of this community, is to have basic information on which to form judgments of men, women, and events. Mostly it is a chronicle of small things. But they are what make up our daily lives. Mostly we concern ourselves with the trivialities of daily life. Most men and women, for instance, marry once. They fill one grave. In between they do their daily round occupied in the most part with small, insignificant things.

The history of this valley is being unfolded weekly for those who have eyes to read the ten, twenty, thirty, and forty years ago items, and the understanding with which to relate the facts recorded to the lives of the men and the women who came in here when civilization crept in, and have built up what is now here. A knowledge of these first things is a good foundation on which to build a better community where there is more happiness per individual than there was at the beginning and where life assumes correct proportions.

## From The Vernon News Files

This issue of The Vernon News was printed on the Kamloops Sentinel press. When it was seen that the newspaper press which was in the city of Kamloops would not be ready in time to print this issue, forms were sent to Kamloops.

**TEN YEARS AGO** Thursday, July 26, 1928 The Vernon News is installing a new printing press. The new press will be in the city of Kamloops. The new press will be in the city of Kamloops. The new press will be in the city of Kamloops.

**THIRTY YEARS AGO** Thursday, July 23, 1908 These beautiful stretches of water—The rock-crusher purchased this year by the city, has been in operation for several days and the stone ground by it is being placed on Vance Street, where it was badly needed since it was graded this spring. W. A. Cryderman has since it was graded this spring. W. A. Cryderman has since it was graded this spring. W. A. Cryderman has since it was graded this spring.

**Forty Years Ago** Thursday, July 28, 1908

By this Thursday's train their Excellencies Lord and Lady Aberdeen will reach this city. In the afternoon their Excellencies will visit the Vernon Jubilee Hospital and in the evening a ball will be given in their honor at the Bank of Montreal building. It begins to look as if there will be a considerable revival of mining operations in this district before many weeks. Several of the best known claims are on the verge of changing hands, and it is probable that a good deal of work will be done before the end of the year. It has been stated that an agreement has been reached between the C.P.R. and competing lines which will result in the restoration of the old rate schedules. The road through to Cherry Creek is now passable, a splendid piece of rock work having been done along the highway built by the C.P.R. The road through to Cherry Creek is now passable, a splendid piece of rock work having been done along the highway built by the C.P.R.

## Is China Saving The World?

(From The Winnipeg Free Press)

A year and two weeks ago big-scale fighting broke out between Japan and China, and while war has never been declared, it is a war nevertheless, of major importance, not only to the two nations, but to the whole world. Looking back to those early days of the struggle around Peking, it is now possible to see in perspective some of the events of that time. There is first to be noted the immediate perception by the world at large that this was a first-class issue. This was not the case when the Mukden Incident took place in 1931. There were at that time many people who failed for many months to realize that Japan had at last begun the large-scale operations which she hoped would bring her domination of the Asiatic continent. But, in July, 1937, there was no such confusion. From the very beginning it was known for what it was, a further major act of unprovoked aggression, and a further major act of unprovoked aggression.

China was to be beaten to its knees. The triumphant forces of Japan were, once and for all, to do away with the faint shadow of government which, Tokyo believed, was all that stood in the way. There was to be a rapidly completed, large-scale assault. The Nanking government was to be felled down. The Nanking government was to be felled down. The Nanking government was to be felled down.

It is hardly necessary to set forth, stage by stage, the complete scenario of the Japanese plan. The plan was stretched into six months. The six months into a year, and he would be a brave man who was not ready to prophesy that the year may turn out to be six years before Japan comes near to its objective. Japan, it is now abundantly clear, has got a tiger by the tail. She hangs on now because she dare not let go.

On paper Japan has done well. The impetus of the first attacks carried her far into the Chinese north-west. The pitched battle before Shanghai ended in a Chinese retreat. Nanking, the capital, has fallen. Hankow, the next choice for the seat of government, is in danger, and Chiang Kai-shek's administration has retreated further and further into the interior. All this has the ring of resounding victory.

But the ring has a hollow echo. The price of these victories has been great. The territory conquered stubbornly refuses to remain conquered. The Japanese hold securely only what is, from moment to moment, actually occupied by her troops. From advanced brigades guerrilla forces rising in her rear. The main body of the Chinese army remains intact, though sorely bat-

tered, and new recruits from the vast human reservoir of the interior daily arrive to rebuild the shattered front-line regiments. Chinese unity is an established fact. Even Japan's grip upon the mouth of China's great commercial artery, Shanghai, is worthless to her, for trade has been ruined, and the breaking of the dykes of the Yellow River, whether by accident or intention, has blighted and ruined the fertile plains of North China. Japan has not even yet succeeded in seizing the famous Maritime Customs which, under international control, are the token of the effective control of the Chinese government itself. The force of her puppet governments in the conquered provinces has deceived no one. Against Japan today rises an enemy formidable for the first time in many centuries, welded even in the hour of its dismemberment, into an offensive and defensive force far more powerful than anything Japan had hoped to face. The long-run factor, always in China's favor, has now begun to operate. It may prove completely fatal to Japan.

There is a further consideration which, in the perspective of history, is likely to loom even larger. China is now engaged in saving herself, may also be saving the world. It may be that the future will reveal the existence of a plan between the members of the Berlin-Tokyo-Rome anti-communist pact. And Japan had China; had Tokyo been free to turn against what is considered a more dangerous opponent, it may well be that before now, plans of European aggression would have been further advanced than they are now. It may be that the present lull in Europe reflects in some degree the paralysis of Japanese effort in China; for, so long as Russia is disengaged in the Far East, the U.S.S.R. remains a potential striking force against aggression in Middle Europe.

But had Japan, flushed with an instantaneous victory against China, turned her armies against the Russian Maritime Province, Russia would have been in no position to embroil herself in European affairs. She would have been forced, against her will, to withdraw into isolation while the scheme for European hegemony was advanced from the base of the Berlin-Rome axis; and finally would have found herself assaulted both from the west and from the east by the members of the anti-communist pact, who make no secret of their proximate ambitions.

This theory is by no means without. It accords accurately with the forecasts and prophecies made by well-informed observers in more than one part of the world; and if that theory is well-based, the gallant resistance of China against the aggressors' timetable has been thrown into disarray, and the world has at least a short breathing space in which some return to the more principles upon which permanent peace is based may perhaps be possible.

The last of three Alberta appeals against judgment of the Supreme Court of Canada on legislation of the Social Credit Government of Premier Aberhart was dismissed by the Judicial Committee of the Privy Council in the Old Country. The Empire's highest court thus upheld the decision of the Canadian Supreme Court in declaring the bill to tax chartered banks with branches in the province. A week ago the Judicial Committee discontinued the hearing of appeals on the Alberta Press Bill, designed to exercise a degree of control over newspapers of the province, and on a measure to regulate credit.

A picked team of Canadian riflemen won the Rajah of Kolapore's Imperial challenge cup, defeating the Mother Country, India, Rhodesia, Jersey and Guernsey to score the 16th Canadian triumph since the great match opened in 1871 at Bisley, England. The Canadian team of eight military marksmen wound up the big shoot with a total of 1,110 points out of a possible 1,200, firing at 300, 500 and 600-yard ranges.

Sir Edward Beatty, chairman and president of the Canadian Pacific Railway Company, announced on his arrival in Southampton, England, that if world conditions remain favorable the C.P.R. will order five new luxury liners from British shipyards during the next three years at a cost of \$10,000,000. Sir Edward said he hopes while there to place a contract for two vessels of 25,000 tons and twenty-three knots for the Canadian-Australian service. "I think next year we shall, providing world conditions remain favorable, place orders for two new luxury liners for our Pacific service to replace the Empress of Russia and the Empress of Asia, which were built in 1913. Sir Edward later in 1940 we shall probably build a sister ship to the Empress of Britain, which proved to be so suitable and so successful on the Atlantic. The new Empress would be quite as big and probably rather faster than the present Empress of Britain."

In the heart of downtown Calgary, a two-alarm fire swept the Old Land Building, causing damage estimated at \$70,000. As thirty firemen fought the flames and a crowd of 2,000 watched, an explosion, caused when a carload of matches caught fire, split the two-storey brick front of the building from top to bottom, but no one was injured.

Hon. T. A. Cramer, Minister of Mines and Resources, plans an extended inspection trip in September, largely by plane, in the Northwest Territories and Western Canada, it was announced in Ottawa.

First joint public appearance of Prime Minister W. L. Mackenzie King and Hon. Dr. R. J. Manion, Conservative leader, is likely to be at the Canadian Corps reunion in Toronto, July 30. Both have accepted invitations to speak at the reunion on that day.

Provincial Police headquarters at Nelson announced that Seth Daniel Ostlund had been arrested at Nelson and charged with the murder of Mrs. Anna Green. The brief police announcement said only that Ostlund had been arrested for the murder of the 35-year-old woman whose battered body was found in a railway cut near Taghum, five miles from Nelson.

"The general financial situation of the municipalities is much the same as a year ago. Economy in operation is still the watchword of municipal councils," the British Columbia Department of Municipal Affairs reported to the Provincial Government last Thursday, in the annual report on civic affairs for last year. No commissioned areas were discharged, and no fresh areas placed under commission control, it was brought out in the report.

British Columbia has signed on the dotted line with the Dominion Government for \$600,000 worth of mining and milling trail development to get under way immediately following the province. Premier Pattullo announced signature of agreements covering \$300,000 to be spent on the first stages of the Blaine - New Westminster Highway, and \$300,000 to be spent on mining trails. In joint programs, later, contracts for the first eight miles of the highway project were awarded. Hon. F. M. MacPherson announced completion of conversations with Ottawa over the first two sections of the International Highway, and the award of contracts to Dawson, Wade & Company, Ltd., and to W. C. Arnett & Company, Ltd., for the first two stages of the work.

Nine hundred men are tirelessly fighting a forest fire that has destroyed more than \$200,000 worth of property in an area close to Forbes Landing, on Vancouver Island. The fire is burning southward at a rate of one mile an hour, advancing from Lower Campbell to Quilman. No indications of rain have been sighted and a moderate wind is not helping in the fight against the fire.

The new National Housing Act will probably be in full operation within a week, finance department officials said in Ottawa. The statute is in three parts. The first really continues old laws, provisions which increase sums available. Part two provides for building low rental housing, while part three eases the taxation burden on new building. Contracts have been drawn up between government and the lending institutions, prescribing the terms and conditions under which the loans will be made. The bill will be introduced by the cabinet at an early date. When it is done part one of the act will be brought into force by proclamation, and the whole scheme will be in operation.

The CIO states that it is proposed to provide a national half-hour religious broadcast Sunday afternoon and regular half-hour revival broadcasts of religious services Sunday mornings.

One outstanding recommendation in the report of the Royal Commission on Pensions, calling for immediate dismissal of Brigadier-General D. M. Ormond, superintendent of penitentiaries, was carried out by order-in-council. General Ormond's position will be abolished. Hon. R. A. Gardin, Works Minister, announced, Mr. Gardin is acting for Lt. Hon. Ernest Lapointe, Minister of Justice, who is on vacation. No provision has been made for his successor, but it is assumed this will be cared for by appointment of a temporary commission.

An Alberta Government-sponsored roadwork program with tax arrears and tax remission slips for payment, will go into effect immediately. It was learned here, W. A. King, Representative for Cochrane, a constituency 25 miles west of Calgary, advised his constituents of the new plan which provides for establishment of credit houses or "Treasury branches" as soon as possible, to facilitate exchange of the slips and open transfer accounts. Under the plan the portion of roadwork usually paid for in cash will be settled for in tax remission slips which may be used to trade with merchants.

## Radio Log

Formation of a National Advisory Council on the broadcasting of religious services, scheduled to begin in October, was announced by Gladstone Murray, general manager of the Canadian Broadcasting Corporation. The Council is to consist of two representatives of each of the following denominations: Baptist Church, Church of England, Presbyterian Church, Roman Catholic Church, United Church. CBC plans to begin in October the broadcasting of half-hour religious services over the national network.

Marcel Hubert, who will be guest artist during the Toronto Promenade Symphony Orchestra broadcast over CBC-NBC networks, July 21, 5 to 6 p.m., PST, is already a favorite artist with Canadian and United States audiences. His career has been described as brief but distinguished. Born in Lille, his talent even as a boy was so impressive that he was urged to make the cello his career. At ten he was studying with Andre Hekking, one of the great masters of the cello. At thirteen he won the coveted First Prize at the Paris Conservatoire and a year later he made his debut with the Colonne Orchestra, under the baton of Messager. Hearing him in private recital, an unknown admirer persuaded him to accept a marvelous instrument made in 1703 by Gracino. The important orchestras of France engaged him as soloist and his career has marched on apace.

Alexander Chuhaldin's all string orchestra will be heard next during the "Melodic Strings" program to be broadcast over the CBC national network Friday, July 22, 5 to 5:30 p.m., PST. The feature of the program, "Ladoksa," by the Florentine composer, Luigi Cherubini, will introduce the program which will originate in the Toronto studios. "Ladoksa" was first produced in 1791, during the period in which Cherubini conducted an Italian opera company, established in Paris by the Queen's hairdresser, Leonard.

Horace Heidt believes in sax appeal in his broadcasts over NBC. His big band uses eight saxophones on their Sunday night programs at 6 p.m., PST.

What "Uncle Sam" is doing to improve general conditions throughout the United States is being depicted in a new series of weekly broadcasts called "Sleeping Ahead With America," heard each Thursday from 4 to 4:30 p.m., PST, over the NBC-blue network. Every section of the country will be heard from in broadcasts illustrating all that is going on in America to improve the well-being of its people. John B. Kennedy, NBC commentator and narrator. The story of many developments which are of vital importance to the nation will be told by narration, interview and dramatization.

Jack Avison directs the half-hour program of classical dance tunes, "Dance Delight," which includes gypsy dance and folk tunes. The program is heard Thursday, July 21, at 8:30 p.m., PST, broadcast from Vancouver to the Western network of the CBC. "Tizian Krichok," a gypsy impression by Krichok, contrasts with "Sheep and the Goat," written by David Gulon, who is the composer of "Home on the Range." The former presents a genuine attempt to give a picture of gypsy life.

Kenneth Spencer, a brilliant young Negro bass-baritone, will be guest artist on "Music Never Dies" on Friday, July 22, 8 p.m., PST, broadcast from Vancouver to the Mid-East and Western networks of the CBC. Mr. Spencer, who is spending several months in Vancouver, has just returned from studying at the Eastman School of Music. He will sing "Swing Low Sweet Chariot," a Negro spiritual; "Dido's Lament," by Henry Purcell; and "The Horn."

Allie and Ruby Parnham, talented sister pianists, again appear as guests on the "It Recital" series, Sunday, July 24, at 10 p.m., PST, from Vancouver. Their program is as follows: "Minuet a l'Andante" by Beethoven, arranged by Landon; "Une Tablature a Musique," Landon; "Guest," "Dance of the Candy Fairy," from Tschikowsky's "Nut-

## PENTICTON TRADES LICENSES UNCHANGED

PENTICTON, B.C., July 18.—There will be no change in trades licenses for Penticton merchants during the next six months. This decision was arrived at by Penticton Council, following its meeting with the retail merchants' committee of the Penticton board of trade in the council chambers Wednesday afternoon.

This committee, headed by Chairman Arthur Basham, suggested cuts on virtually the entire proposed list of new licence fees as drawn up by the council, and various members of the committee expressed criticism of the fact that so little notice was given before the matter was put through. The new licences had to be posted with the government office, by law, on Friday.

In view of the many changes recommended and the short time left to consider them, the council, following the departure of the committee, decided to hold the entire proceedings until January 1, 1939, when it is likely that a revised schedule, somewhat along the line suggested by the committee, will be put into force.

## CHIEF OATS PRODUCERS

The Soviet Union and the United States together account for over one-half of the world area under oats. Canada and the United Kingdom are the chief Empire producers, but the output of both countries has fallen in recent years, the Canadian crop harvest for 1937 (268,442,000 bushels) being the smallest estimate since 1910. Argentina, since 1930 has been the leading world exporter of oats and is the only important producing country shipping abroad more than a small proportion of its crop.

Reflections of the past in music are shown in "Musical Mirror," directed by Harry Pryce and broadcast to the national network of CBC and Mutual Broadcasting System in United States from Vancouver on Sunday, July 24, at 7:30 p.m., PST. Selections from "The Blue Paradise," a collaboration of Eysler and Romberg, produced in 1915, opens the program. These include "One Step in Love," "Here To You, My Sparkling Wine," "My Model Girl," "The Time They Croon in the U.S.A.," "Auf Wiedersehen," "Tell the Town Hello Tonight."

Dances of the classics are emphasized in a half-hour program directed by Jack Avison in "Dance Delight" and broadcast from Vancouver to the Western network of the CBC on Thursday, July 28, at 8:30 p.m., PST. The numbers include "Dornroschen" (Ballet Waltz) by Tschikowsky; "Taranella," by Bohm; "Dance of the Brigands," by Grincau; "Gypsy Dance," by Saint-Saens; "Efram Zimbalist's 'Dance Suite'."

Music from the American folk opera, "Porgy and Bess," by George Gershwin, will be featured by Percy Faith's strings in a swingtime during the program, "Bands Across the Sea," Canada's musical salute to Hawaiian listeners, on Saturday, July 23, 4:00 to 4:30 p.m., PST. Presented from the CBC Toronto studios, "Bands Across the Sea" is heard over the national network in Canada, through the facilities of the Mutual Broadcasting System in the United States and by short wave, through Station KGMB, in Honolulu.

The world radio premiere of "A Midsummer Knight's Dream," by O. Henry, one of the greatest of American story tellers, will be presented over the national network of the CBC Thursday, July 21, 4:30 to 5:00 p.m., PST. The program will be broadcast from the Toronto studios over the national network. Joseph Victor will feature the famous opera, "Coralline," from the first act of "Chu Chin Chow," the Oscar Asche opera which runs 2,338 nights in London, and later in the program the young CBC tenor will be heard in another world famous song, "Ah Sweet Mystery of Life," by Victor Herbert, from the composer's successful musical comedy, "Naughty Marietta."

Brazil plans to gradually eliminate interstate export taxes.

## "Pick-a-Back Plane For Transatlantic Flight"

Taking wings in midair over Ireland, Mercury, Imperial Airways' "pick-a-back" airplane will turn its nose towards Montreal during July. Carrying 1,200 gallons of fuel and 1,000 pounds of mail, the Mercury will have a flying range of 3,500 miles at a speed of more than 160 miles an hour, and be able to buck a continuous 60-mile-an-hour headwind. Small beside her parent ship, Maia, the pick-a-back airplane's gross weight can be as much as 20,000 pounds. It will inaugurate the summer experimental crossing of the Atlantic.

## Community Club At Falkland, Athletic Group To Combine

Another Public Meeting To Be Called Next August 15

FAULKLAND, B.C., July 19.—At the public meeting held in the Community Hall Tuesday evening, Homer Churchill acted as chairman. The purpose of the meeting being to discuss amalgamation of the Athletic Club with the Falkland and District Community Association. As a new by-law will have to be drawn up to meet with the approval of the registrar of societies at Victoria, and as the rules of the society call for a 30 days' notice of this change in regulations, the secretary, J. Dent, was advised to post three public notices, of a meeting, the date being set for August 15.

HEAT WAVE With the thermometer registering 102 degrees, Friday was the hottest day of the year. Bathers are taking advantage of the warm spell, and the Salmon River and Six-Mile Creek are popular places these days. Many tourists picnicked beside the river Sunday when birches and willows afforded cool shade to make an ideal camping site.

Grain is beginning to ripen, the second crop of hay will soon be ready for cutting and gardens are showing rapid growth.

The Ladies Aid of the United Church met at the home of Mrs. B. Munsell, Thursday afternoon. Mrs. J. Dent officiated as president. The treasurer, Mrs. Munsell, reported a substantial sum on hand, and it was voted that it be forwarded to the treasurer of the church board. A discussion of the annual bazaar ensued, and it was decided to set the date for mid-November as in former years. Refreshments were served later in the afternoon by the hostess, who was assisted by her daughter, Mrs. A. Fretz, of Glenenna.

Under the command of Major John Tener, six recruits for R.M.R.'s left Wednesday for Sydney, V.I., to enlist at the annual training camp. Those making the trip included Bob Dent, Herb and Bill Gotobed, Leslie Curry, Douglas Swift and Lester Blair.

Mr. and Mrs. R. Seaman are receiving congratulations on the birth of a son in the Vernon Jubilee Hospital, Wednesday, July 13.

Mrs. L. Henderson and her daughter, Mrs. A. Churchill, left for Vancouver, Thursday, on a holiday trip.

Art Gotobed was home from Ashcroft for the week end.

T. Ascroft, of Kamloops, was a business visitor in the district on Thursday and Friday.

Mrs. F. Thury returned home Wednesday after a brief visit in the Kootenays.

After several weeks' holiday in Vancouver, Mrs. B. Gotobed arrived home Saturday.

Mrs. J. Alexander, Daisy and Jack, were Vernon visitors Monday.

Edna and Bobby Boyd, of Kamloops, are visiting their uncle and aunt, Mr. and Mrs. W. Kelly.

Mrs. T. Curry visited Vernon on Monday.

## MARA NEWS ITEMS

MARA, B.C., July 19.—Mrs. H. Kavanagh and son, Harvey, went to Vernon last Saturday, where they will spend a week visiting relatives.

Mr. and Mrs. E. Foote and little daughter, of Vernon, left for Revelstoke last Sunday, after spending a week's vacation in Mara, with Mrs. Foote's parents, Mr. and Mrs. J. Robertson.

Mrs. A. L. Johnson, of Rossland, is spending several weeks here visiting friends and relatives.

Miss Daisy Tomkinson returned to her home in Grindrod last Sunday, after spending a week visiting friends in Mara.

Miss Virgie Johnson came home from the Enderby hospital last Friday, where she spent several days receiving medical treatment.

Miss Mary Cadden is spending several weeks here with friends and relatives in Vancouver.

Mrs. Dave Ireland left last week for Carleton Place, where she will spend several weeks with her sisters, Mrs. G. Cadman and Mrs. W. Levens.

Mr. and Mrs. E. A. Robertson returned to their home in Mara last week, after spending several months at Okanagan Landing, where Mr. Robertson was employed by the C.P.R.

## SCHOOL ADDITION AT RUTLAND WILL COST RATEPAYERS \$12,000

R. T. Ritchie Returned As Trustee—To Have 12 Classrooms

RUTLAND, B.C., July 18.—The annual school meeting, held on Wednesday evening, July 13, was one of the shortest, snappiest sessions on record. The meeting commenced at the scheduled time of 7:30 p.m. and the 25 ratepayers present re-elected a trustee, passed estimates of \$10,000 and adjourned in less than an hour.

E. Muford was voted to the chair, and introduced the business of the evening, nomination of a trustee. R. T. Ritchie was again returned to this office by acclamation. Several were nominated, but all were obliged to decline owing to the fact that they had not paid the previous year's taxes.

The trustees' report for the past year was read. Items of some interest in this included mention that the Rutland school was the second largest rural school in B.C., and that it had been called for to add four additional rooms to the wooden school, to remove the necessity of using three basements in the brick school as classrooms, the new addition to cost \$12,000. Work on this will commence shortly, bringing the number of classrooms up to 12, and will provide adequate sanitary facilities. It was stated that 80 percent of the pupils had availed themselves of the dental clinic operated by Dr. Ross Currie, and 65 percent of the accounts in this connection had been paid.

The financial statement showed expenditures of \$7,000, and a balance of \$3,000, which would allow amount \$1,000 was set aside for re-roofing the old school. The estimates for the current year, totalling \$10,000, were then passed, with only one slight alteration, the sports value being raised from \$100 to \$135 to cover rental of the Community Hall for basketball.

A vote of thanks to the trustees was then passed, bringing to a close a most harmonious meeting.

Miss Mona Schell is spending her holidays at the home of her parents, Mr. and Mrs. W. P. Schell, arriving on Friday from Kamloops, where she is in training as a nurse at the Royal Inland Hospital.

PICNIC HELD The annual picnic of the Women's Institute was held in the Kelowna Park on Wednesday, July 13, and was favored with ideal weather. At a short business meeting it was decided to conduct a raffle to aid the funds of the Kelowna Inland Society.

The Maroon Intermediate won the British Columbia Intermediate League championship, when they defeated the Rangers, the Rutland school team, by 6 runs to 5 in a close and exciting contest. With the Benito Twilligan League also concluded, the Atlantic winning two straight games from the Kelowna Red Sox, the twilight baseball season is now over, the cups for both leagues remaining in Rutland.

## VERNON BUTTER WINS FIRST AT CALGARY

Those who enjoy their morning toast in Vernon and district will receive with pleasure the news that 14 pounds of creamery butter made by the Vernon Creamery won first prize at the Calgary Exhibition. This was a sample of June make. There were 118 creameries in the contest. Vernon was the only B.C. creamery placed in the first prize group.

This award marks the 28th First Prize taken in five years by dairy farmers of the North Okanagan. During this same period they have held the championship of B.C. for obtaining the highest total score in all classes at the Vancouver Exhibition.

Here is further evidence, if such is now required, of unsurpassed quality dairy herds and cream producing facilities on farms. Good work, long continued, in the encouragement of better methods show unmistakable results. Needless to say local butter-makers are able but even with the best of equipment can make a product no better than the type of cream they receive will permit.

## A Noted "Orange Walk" of Earlier Years Recalled

In bygone days, along the Ontario side of the Ottawa River, party spirit between the Orangemen and Roman Catholics throughout the counties of Prescott, Russell, Carleton and Renfrew was rather apt to become rampant in certain sections with the advent of the "Glorious Twelfth" of July.

This hostility was really a recondescence of the feuds and vendettas of the axemen and raftsmen during the period when untold millions of feet of great timbers felled, barked and squared in the camps along the upper reaches of the Ottawa River and its tributaries, were rafted to the sawmills along the river for conversion into building material; or else the rafts were floated on downstream to the St. Lawrence River to be loaded upon ocean-going vessels and consigned to the shipyards of the Clyde.

Quite often the "Orange Walks" of the Twelfth, from lodge room to picnic site, were a succession of fights whenever local belligerent spirit was manifested, and cobbles or brick-bats were handy to the roadside.

This is the story of an incident of a procession of Orange lodges of Prescott county to a picnic held at Maxwell, down on the Scotch River.

The County Master was a man of peace who always strove to curb any provocation by the Orangemen as they marched in procession through towns en route.

In one of the largest of these towns an extensive and most successful lumber business was carried on throughout Prescott county by a most excellent man of kindly and philanthropic disposition, a man well known and beloved throughout that region. A large number of the town houses were built by him and occupied at nominal rental by his many employees in mill or lumber yard. They were for the most part Roman Catholics like himself.

Throughout the main street lay the usual route of the Orange procession and the mill and yard employees were usually quite ready to bombard rank and file in the customary manner.

As this Orange procession drew near to the outskirts of the town—fists shelling and drums beating—it was halted by a horse and buckboard square in the middle of the road, and in the vehicle sat the Parish Priest.

He raised his hat, held up his hand and asked to be permitted to speak with the County Master, who immediately rode up alongside.

Most gently and courteously the priest said that the beloved lumber merchant of the town had died overnight, and that his body was laid out in the Parish Church for the Mass for the Dead.

He hoped that a disturbance could be avoided; but he was well aware of the temper of many of his lumbermen parishioners, and wished to ask if the County Master would allow him to convey the procession through the town?

"Certainly Father, most certainly," the Master responded, "lead on and we will follow."

Turning to his ranks he said in a low tone, "Hats off, Brethren." The order was quietly passed along. So down the main street went a most unique procession; and "all eyes" the amazed lumber-yard men noiselessly dropped their stones and brick-bats.

When the farther side of the town was reached the good Priest drew aside and courteously raised his hat to let the County Master and his followers pass on—Maxwell bound!—Hamilton Lang.

## NEW LANDS AT SHUSWAP LAKE IN PRODUCTION

Salmon Arm Farmers' Exchange Is Handling Vegetable Crop

SALMON ARM, B.C., July 18.—A. J. Smith, manager of the Salmon Arm Farmers' Exchange, left Friday morning for the prairies to make arrangements for the disposal of the large crop of vegetables expected from the Shuswap Indian Reserve lands.

The Exchange has about 150 acres of this reserve under lease and it is estimated that this year's crop will yield approximately 1,000 tons of tomatoes, 800 tons of potatoes, early and late, besides the smaller crop of beets, carrots, parsnips, etc. The land is all sub leased to Chinese and this is the first year the local exchange has had this project.

Mrs. C. W. Lundy left last week to visit at Pouce Coupe, Peace River district, where her husband is employed as Provincial Relief Investigator.

Mr. and Mrs. L. Clark, who have been spending the past two weeks visiting their uncle and aunt, Mr. and Mrs. A. Bedford, Sr. at their summer camp at Pierre's Point, left Sunday by car for their home in Seattle. They were accompanied by Miss Margaret Bedford, who will spend the remainder of the summer vacation in that and other Coast cities.

Mr. and Mrs. Ralph Turner returned to their home at Alberni after spending the past two weeks visiting relatives here and at Canoe.

Noel C. Dawson, accompanied by his small daughter, Maureen, had the misfortune to turn his car over on its side when he hit some loose gravel while travelling towards Tappen on Saturday afternoon last. He received a gash on the head but Maureen escaped without injury and a broken windshield was practically all the damage the car received.

Miss Ida Harbell, matron of the Salmon Arm Hospital, is spending a part of her holidays visiting with friends in Kamloops.

Miss Lois Aitchison and Miss Elsie Buchan spent last week visiting in the South Okanagan.

Frank Thompson, accompanied by Miss Mabel Evans and Miss Florence Lundy, left early Sunday morning by car for Sardis.

The Agricultural Hall was filled to capacity Monday night, July 11, when 333 paid admission to dance to the music furnished by St. Hopkins and his orchestra, of Calgary. The dance was sponsored by the Old Time Dance crowd and after all expenses were paid there was a balance of \$42 which was handed over to the provincial welfare work to be used for that work in this community.

## After The "Heavenly Band" Had Finished Playing

Two Toronto women and two small children were sitting in this cottage at Pine Beach, Lake Simcoe, when a roaring gale hit the district, sent this giant maple down on the roof over their heads. Mrs. John Taylor, her nine-year-old daughter, Shirley, five-

year-old Elaine Robinson and a servant were miraculously untouched. They rushed to a neighbor's house in the height of the storm. While the wind uprooted a dozen trees and wrecked three other cottages, the children, on their knees, prayed: "Please, God, stop the heavenly band from playing."

## LEGION SHOWS FORM TO BEAT CITY ELEVEN

Veterans In Second Place In  
Spencer Cup Cricket

Schedule

Team	W	L	Pts.
Farmers	3	1	6
Legion	2	2	4
Penticton	2	2	4
City	2	2	4
Salmon Arm	1	2	2

This city's surprising Canadian Legion eleven, after a slow start during the early part of the season, have apparently hit their stride in the Spencer Cup cricket competition, and rank second, just one game behind the Vernon Farmers.

Under a blazing sun and with the temperature dangerously close to 100 degrees, the Legion turned in a fine performance on the Lakeview grounds Sunday afternoon, defeating the Vernon City team 207 runs for nine wickets declared to 95 all out.

The eventual winners gained a distinct advantage, when having won the toss, they elected to bat. The City's fielders, handicapped by the sun and resultant heat waves, lost many catches they ordinarily would have made.

The Legion, though, were in top form. Richards, who made 74 for the first innings, and Duke in the fastest performance of the season by hitting 38 runs in exactly 12 minutes. He was bowled by Dunkley, the City's best bowler, with six wickets for 43 runs. Carr-Hilton was missed by the losers, and his batting and bowling would undoubtedly have aided considerably.

The City's batsmen, after over two hours in the field, found going difficult. Curtis, 31, Marshall, 18, and Ascroft, 11, not out, were the only ones to hit double figures. Legion Innings:

Richards, b Curtis	43
Clark, c Ascroft, b Pearson	38
Duke, b Dunkley	38
Chambers, c Meredith, b Dunkley	14
Cullen, run out	8
Bennett, c Meredith, b Dunkley	12
Conley, b Dunkley	12
Dubbin, not out	17
Harwood, b Dunkley	12
Atkinson, c Ascroft, b Dunkley	7
Erimbecombe, not out	5
Extras	21
Total (for nine wickets)	207

City Innings:

Blanchley, lbw	9
Marshall, run out	18
Curtis, c Clark, b Atkinson	31
Dunkley, c Duke, b Atkinson	31
Prowse, c Richards, b Chambers	6
Monk, b Richards	6
Meredith, b Duke	11
Ascroft, b Duke	11
Sharpe, b Duke	0
Denison, b Duke	0
Pearson, b Atkinson	1
Extras	11
Total	95

## SALMON ARM CRICKET TEAM IS DEFEATED BY REVELSTOKE XI

REVELSTOKE, B.C., July 19.—In sweltering weather, Revelstoke and Salmon Arm met at the Recreation Park Sunday, in the first of a number of inter-city cricket contests.

The Revelstokians had the better of the game and came out on the long end of a 49 to 38 score. Nancollas of Salmon Arm ran up 12 runs to attain the premier position on the visitors' line-up while J. Dabell, young high school lad who is following in his father's footsteps, topped both sides with 13 runs.

Arrangements are under way for the next match which will likely be with a Vernon team in the near future.

Salmon Arm	W	L	Pts.
L. Doe, b Boyle	2	0	4
V. Nancollas, b Boyle	12	0	24
D. Campbell, b Boyle	0	0	0
E. Doe, b Boyle	0	0	0
Hodgkin, b Cowan	0	0	0
Smith, b Boyle, c J. Dabell, Jr.	6	0	12
Pottier, b Boyle, c Sadler	6	0	12
Ladner, b Boyle, c J. Dabell, Jr.	0	0	0
Crang, b Boyle	0	0	0
Milling, not out	0	0	0
Jamieson, b Boyle	0	0	0
Extras	1	0	2
Total	30	0	60

Lady members of the local club served refreshments during the day, and a large number of spectators enjoyed the contest in spite of the heat. The new pitch recently built by the city was in use for the first time and was a big factor in providing an interesting exhibition.

## REVELSTOKE TEAM IN WIN AT SALMON ARM

SALMON ARM, B.C., July 18.—Playing here on Sunday the Revelstoke ball team defeated Salmon Arm 49-38, in an interior league fixture.

The local boys scored their only run in the first inning and held the Revelstoke lads scoreless until the fifth inning, when errors and a hit or two saw the visitors pull ahead and there they stayed until the end of the game.

Lono for the visitors and Calvert for the home team went the entire route on the mound.

## SUMMERLAND SCOUTS HOLD ANNUAL CAMP

SUMMERLAND, B.C., July 18.—The newly formed Boy Scouts group were at camp at Miller's Point about six miles north of Summerland last week. There were about 25 boys, with Assistant Scoutmasters Alex Williams and Brian Atkinson, in charge. Alex Williams, who has come here from England, has been Scout life in large camps in England, Holland, and Spain, and is an instructor at the Summerland swimming classes for children.

## Rancher Earl Buys A New Car

In England with his countess, the Earl of Egmont, a rancher in Canada, purchased a new car shortly after his arrival in London. The car is shown with his car in Park Lane. In Canada, their friends are wondering whether the couple plan to take up permanent residence in England.

## Vernon Baseballers Top Interior League

Locals' 5-2 Win Over Kamloops Gives Them Premier Standing

Team	W	L	Pts.
Vernon	6	3	666
Revelstoke	5	3	625
Kamloops	4	5	333
Salmon Arm	2	6	250

Vernon's baseball squad retained the leading position in the Interior Ball League when on Sunday they defeated the Kamloops team 5-2, at the main line centre.

Teamwork on the part of the Vernon boys kept the opposition from ever realizing enough runs to become really dangerous. George Sparrow, pitching, and Frank Netzel, catching, turned in their usual smart game, while the rest of the players kept on their toes the entire way through the encounter. Sparrow had nine strikeouts to his credit, while MacKenzie and Horne, who both pitched for Kamloops, totalled six between them. On the runs, Henry Scherle was high man for the local team, with two to his credit. Fed-squad with two to his credit. Fed-squad with two to his credit. Fed-squad with two to his credit.

In the first inning, Scherle started things rolling with the first run of the game, but the three men that followed him went out in close succession. Although Roberts managed to reach second base when Kamloops went to bat, the team went down without scoring. In the second inning, Vernon piled up a substantial lead with runs from Netzel, Fedorick, and Fallow, while the Kamloops team was still unable to score.

The next three innings went by without any score being shown on the board, then Kamloops made an effort to break the local boys' advantage with runs from Cook and MacKenzie. Their hopes were shattered, however, when Sparrow struck out Portman and then in a double play threw the ball to second base to catch Horne and from second Smith out at first.

The seventh and eighth innings came and went without any runs being recorded. The ninth opened well for Vernon, with Rutten, Ward, and Nuyens reaching bases. Despite this, however, Scherle was the only pitcher to bring in a run and it brought the Vernon total to five.

In the last three innings, Sparrow pitched to nine players only, in each inning they went out "one, two, three".

THE TEAMS	W	L	Pts.
Vernon:			
Scherle, rf	4	2	1 1 0 0
Rutten, lb	5	0	2 12 1 0
Ward, cf	5	0	1 1 0 0
Sparrow, p	5	0	0 0 3 0
Netzel, c	4	2	10 0 1
Macdonald, lf	4	1	2 1 2 1
Fedorick, 3b	4	1	1 1 2 3
Fallow, 2b	4	1	1 1 2 3
Nuyens, ss	4	0	2 1 1 0
Totals	39	5	12 27 10 2

Kamloops:	W	L	Pts.
Smith, 2b	4	0	1 1 2 0
Cochrane, cf	4	0	0 1 0 0
Roberts, lf	4	0	0 1 0 0
Berushell, c	3	0	0 1 0 0
Cook, ss	4	0	1 1 4 0
Wysse, 3b	4	1	2 4 8 2
MacKenzie, p	4	1	1 3 0 0
Portman, rf	4	0	1 0 0 1
Horne, p	4	0	1 0 0 1
Totals	35	2	8 25 18 6

MacKenzie replaced Horne as pitcher in second inning.

Summary: Earned runs, Vernon 5, Kamloops 2. First on balls, off Sparrow 1, off MacKenzie 1. Left on bases, Vernon 7, Kamloops 8. First base on errors, Vernon 1, Kamloops 3. Two base hits, Nuyens, Roberts. Struck out, by Sparrow 9, by MacKenzie 5, by Horne 1. Double plays, Sparrow, Fallow, Rutten. Hit by pitcher, Berushell.

## LAYING PLANS FOR LABOR DAY SPORTS

At a recent meeting of the Labor day sports committee, plans were made for a very interesting afternoon and evening's entertainment, on September 5.

Indications are there will be keen competition in the different events which will all be open and for which valuable prizes will be offered. Highland piping and dancing competitions will be a feature, as well as folk dancing and field and track events.

For years Labor Day has been recognized as being Vernon's big sports day and the sponsors are doing all possible to make this year bigger and better than ever.

## VERNON JUNIORS IN WIN OVER ENDERBY

ENDERBY, B.C., July 19.—A large crowd attended the box lacrosse game played at the Enderby rink on Friday evening between Enderby and Vernon junior teams. The final score was a victory of 9-6 for the Vernon team.

Mr. and Mrs. T. Gibson, of Oliver, arrived in Enderby on Tuesday to spend a few days visiting at the home of Mr. and Mrs. H. Ghomat.

Wilfred and Henry Semard are busy bringing down another large drive of logs from Mabel Lake this week.

Mrs. Williams, of Grindrod, passed through Enderby on Monday evening on her way to Armstrong.

Mrs. Harvey, accompanied by her son, Jack Harvey, and Mrs. A. Reeves, was a visitor to Armstrong on Monday.

Mr. and Mrs. John Sterling, of Vernon, have been in Enderby during the past week visiting with friends and relatives.

Mr. and Mrs. S. Speers, accompanied by Mr. and Mrs. G. McMahon, motored to Armstrong on Monday evening.

## "BULLDOG DRUMMOND" DRAMA SHOWS HERE

An exciting new "Bulldog Drummond" drama, played by a cast which might well be called the "Rose Bowl team" of mystery pictures, by virtue of its performances in a long line of "Drummond" stories, opens for a one-day run at the Empress Theatre on Monday, July 25, in "Bulldog Drummond's Peril".

In a thrilling train-and-plane race across Western Europe, Howard and streaks back to London after the head of the trust, Matthew Boulton, who has already committed one murder in his campaign to steal the formula. Although faced by forces superior to his own in every way, Howard challenges them to battle and fights for his life in an exciting sword-against-whip duel, one of the most unusual contests ever brought to the motion picture screen.

As a second feature on this program "Suite to Valour," the picture of the unveiling of Vimy Ridge Memorial will be shown. This picture should be of much interest to all returned men.

Drought and frost of last winter have reduced Poland's crop expectations.

## PEACHLAND TO VOTE ON \$3,500 BY-LAW

Debuture Issue Met By Sale Of £500 Grand Trunk Bond

PEACHLAND, B.C., July 18.—The increase of school population will necessitate the opening of a new room at the school, the Council were told at their meeting on Wednesday, July 13, by Councillor A. J. Childley, who is also the chairman of the School Board.

Application for a \$3,500 money by-law to cover the furnishing of this room, also a new heating plant, painting and re-roofing the school building, and the installation of new sanitary arrangements, was made by the School Board. The municipal clerk, C. O. Inglis, was instructed to draw up the by-law as soon as possible so that it could be voted upon by the ratepayers as soon as the necessary formalities had been complied with.

To meet the \$3,000 in debentures, maturing July 1, a \$500 Grand Trunk bond had been sold at 99 1/2 which realized \$2,426.26 and this with the \$700 in the sinking fund made up the required amount.

Because of interference with residential property the pound at the end of Third Street was ordered demolished and the two outside pounds used when necessary.

## MASONIC HALL

Work has begun on the new Masonic Hall, which is being erected on Beach Drive between First and Second Streets. J. Darke, of Summerland, is the contractor in charge of the building, which is to be finished in stucco.

## CRIBBING FELL

The first lumber is being brought out from a mill set up by L. Trantman, in the Glen, about 18 miles up the Princeton road. Trantman had made the road at Deep Creek crossing, ten miles back, where the road descends to the creek level to cross and rises again on the other side. The drop as the road winds around the rocks is straight down and crib work holds in place. One load of lumber had been taken over this road and three trucks were on their way down with loads when the crib work gave way and blocked transportation. More work is now being done to ensure safety and allow the trucks to get through. There is no other road in this district.

## AMPLE WATER

Four inches of water were running over the spillway of the north fork dam on July 14, when four inches was turned out for irrigation purposes. Storage water is ample for the season's needs, according to L. E. Fulk, chairman of the Trustees of the Peachland Irrigation District. Trepanier Creek is also holding up well and supplying the Trepanier Water Users' Community with irrigation needs from the natural flow as well as giving unlimited domestic water for the town and running the power house.

## MANY IMPROVEMENTS TO GRINDROD FARMERS' HALL DURING YEAR

W. Folkard Named Secretary, Succeeding George Halksworth

GRINDROD, B.C., July 18.—There was a fair attendance of shareholders at the annual meeting of the Grindrod Farmers' Hall Ltd., held on Wednesday evening.

According to the reports the year had been a very successful one, several improvements were made to the hall such as a new stage and floor and painting the interior. G. Halksworth resigned as secretary and was replaced by W. Folkard as secretary and janitor. The new committee named was G. H. Wells, president; committee, P. Jablonsky, G. D. McEwen, A. Fyall, and S. E. Halksworth.

Revelstoke softball team came to Grindrod on Sunday to play the local team and won by a 30 to 10 score. The same afternoon the Summitt Creek team was beaten by the Canoe team.

Harvesting is well under way in this district and in spite of the early drought some wonderful crops have been taken in.

## NEW INDUSTRY

A new industry is now underway for Grindrod, J. Hull having discovered some splendid brick clay on his property. He is now busy preparing his brick yard, having purchased the equipment. Sample bricks are already on display.

Mr. and Mrs. G. Milne of Toronto left on Saturday for Vancouver, where they intend to reside, after spending the past six weeks here.

Miss Daisy Tomkinson is spending a few days with Maria friends.

H. Anderson has left for Canal Flats.

Mrs. W. J. Monk is spending a few weeks at the home of her mother in Notch Hill.

## MILLERS' SOFTBALL TEAM WIN BY 14-9 FROM REVELSTOKE

The Millers once again showed their supremacy in the softball field when they downed the Revelstoke squad 14-9 here Sunday. For the locals, Jim Redman, Lyle Gallichan, and Elmer MacLean were high men with three runs each. Bob Hingle and Harold Hingle showed to advantage with two runs apiece.

In the first two innings neither side scored. In the third, however, the Millers started the ball game really moving by scoring six runs off the bats of Redman, L. Gallichan, Pringle, MacLean, Hey and Poth. In the fourth inning Revelstoke made an attempt to rally but only succeeded in scoring two runs. In the latter half of this same inning, the Millers set the pace once again and scored five more runs. This time off Redman, L. Gallichan, Pringle, MacLean, and Hey.

The fifth and sixth innings went by without any score being recorded until in the seventh Revelstoke crept up with four more runs. In the eighth inning they increased their score by a further three runs. It was in this inning that the Millers clinched their lead by adding three more runs to their total. The ninth saw no score and the Millers emerged from the game, the winning team.

**CHEERY DEHYDRATION  
UNIT IS NOW WORKING**

SUMMERLAND, B.C., July 18.—The cherry processing plant, in which the new dehydration unit, costing approximately \$40,000, has recently been installed, started working on Monday.  
It is anticipated that the payroll this year will be greatly increased from other years, although this will be dependent upon disposal of output. It is hoped that the demand for the product will permit all year round employment, and an estimate of local expenditure is placed at a probable \$70,000.  
The new law regarding mixed cans of canned goods puts the Sunco Co. on an even footing with Ocan canners.

**I.O.O.F. OFFICERS  
ARE INSTALLED HERE**

F. A. Miles, District Deputy Grand Patriarch, installed the officers of the Silver Star Encampment, No. 10, I.O.O.F., for the new term recently. These officers are: Chief Patriarch, Stanley Bell; Senior Warden, R. H. Wood; Recording Secretary, J. A. Henderson; Financial Secretary, E. G. Sherwood; Treasurer, M. C. Dunwoodie; Junior Warden, B. T. Jones.  
On Wednesday, July 13, G. Belver, District Deputy Grand Master, installed the following officers of Vernon Valley Lodge No. 18, I.O.O.F., for the new term: G. Brule, Noble Grand; W. N. Galbraith, Vice Grand; J. A. Henderson, Recording Secretary; B. T. Jones, Financial Secretary; D. Willis, Treasurer.

## PENTICTON PREPARING FOR DRAMA FESTIVAL

Arrangements Being Made To  
Hold First Festival  
In Spring

PENTICTON, B.C., July 19.—Preparing for the drama festival to be held in Penticton next spring, the Southern Okanagan Drama Association held a business session in Penticton recently. In addition to the awards to be made at the Penticton festival, successful competitors may be able to compete at the B.C. drama festival, with which parent association the district body is affiliated.

At the Penticton meeting the by-laws for the Association were approved by the delegates, among whom were representatives from clubs in Summerland, Peachland, Oliver and Penticton. Mrs. K. Caple represented the Summerland Singers and Players Club, Mr. MacNeil the Peachland Dramatic Club, Mr. Dayton the Oliver Dramatic Club, and Mr. Beesley the St. Ann's (Penticton) Dramatic Club. In addition, the Penticton Theatre Club, which fostered the movement through the visit here some months ago of Major Bullock-Webster, was represented by Miss R. K. Owen, Miss H. Richards, Dr. W. R. Walker and John T. Young.

In the bylaws it was agreed that any group is eligible for membership, the term "group" being given a wide meaning in order that even the smallest bodies in the district can affiliate. Membership fees for groups is nominal only.  
It was agreed that there will be an "invitation" period during the forthcoming season, at which time plays produced by various groups can be interchanged, adding considerable interest in the movement throughout the entire district.

Efforts will be made to obtain use of plays requiring a small royalty or none, and to obtain some reduction in other royalty fees, it has been intimated by members of the central body. Leaders of the movement will also endeavor to locate sources where they can obtain equipment costumes to best advantage.

## TAFT FISH HATCHERY RAISES 100,000 EGGS

Lakes In Vicinity Of Revel-  
stoke Will Be Stocked  
With Supplies

REVELSTOKE, B.C., July 19.—At the regular monthly meeting of the Rod and Gun Club, Monday night, satisfaction was expressed at the report received from Bert Cullis, in charge of the hatchery at Taft, to the effect that over 90,000 of the 100,000 eggs placed there this spring, are making excellent progress toward maturity. There is no sign of tail rot or any other infection and the club looks for the best record the hatchery has yet established, to be made this year. Lakes in the immediate vicinity of Revelstoke will be stocked this year.

Baseball fans are visioning a play off series with Vernon this fall, with a possible special train taking the locals to Vernon, such as was run to Kamloops last year. Hopes were strengthened for such an eventuality when Revelstoke defeated Salmon Arm 5 to 1 at Salmon Arm, while Vernon again took the measure of the once formidable Kamloops nine. Revelstoke takes on Kamloops on the local grounds next Sunday and inspired by Vernon's record in beating the hub city gang four times in a row, local advertising proclaims, "This time we'll take them." At Salmon Arm, Sunday, the Revelstoke team overcame a one-run deficit in the fifth by scoring three runs and adding two more later for good measure. Lonzon hurled for Revelstoke and Calvert for Salmon Arm.

A new heat wave struck the district at the week end and the thermometer jumped to 99 Saturday. The weather continues hot. A number of fresh fires have broken out, one on Crazy Creek about Taft being particularly troublesome. A new outbreak in the Big Bend country at 62 mile was gotten under control at the week end.

At an executive meeting of the Provincial Liberal Association, arrangements were made for the commencement of work on the road. It is understood that 50 men will be employed for about three months and that approximately \$20,000 will be spent on road improvements in that period.

The Rotary Club announces arrangements for the giving of free swimming lessons at Williamson's Lake. This is another feature of the work the Rotary Club is doing in connection with its stewardship of Williamson's Lake.

The first train to pass over the new division at Dowling, 35 miles east of here did so last Monday. The three mile diversion, built at a cost of over \$250,000, has been built to eliminate snowslide hazards in that vicinity.

## DAUGHTER OF H.B.C. FACTOR SUCCUMBS

CHIASSE, B.C., July 18.—Funeral services were held at All Saints' Anglican Church Friday afternoon for Annie Margaret McBrayn, widow of Alexander McBrayn, Jr., who died at the Royal Inland Hospital, Kamloops, July 13, after a long illness. Interment was in the family plot at Shuswap.

The late Mrs. McBrayn was in her 67th year. She is survived by a daughter, Mrs. J. Peck, and a son, Irwin Davis, both residing at Chiasse.

The deceased had resided in Kamloops district all her life, having been born at Kamloops. She was the daughter of Donald Walker who in the seventies was Hudson's Bay factor at Chiasse.

## PAID TWO FINES IN POLICE COURT

KELOWNA, B.C., July 19.—Mark Hookman paid two fines in police court here Friday morning, July 19, one \$10 amounting for driving on a highway without a license and another for \$15 for making a false statement in his accident report to the provincial police. The accident occurred near Rutland when the couple Hookman was driving went into the ditch. He had stated in his report that he contained two passengers, when it was proved it really contained four. Mrs. Joan Smith appeared in police court last week and paid a fine of \$5 and costs for assaulting Katherine Davidson, also of Kelowna, in a dispute arising over wages.

## Canada's Political Scene

## Provinces Are Real Basis For Political Parties, Says Writer

Conservatives Dominate All  
Opposition - Groups In  
Canada Today

By Elmore Philpott

In Canada, as in other Anglo-Saxon countries, it is inevitable that the two-party system will sooner or later re-assert itself. This is because our political highway is made of two-way traffic. No party can arise from time to time. But either they must supplant one of the older organizations, within a comparatively few years, or else they are crowded into the ditch.

There are decisive elements in our national life which make the two-party system the accepted pattern. The first of these is a deeply rooted idea in the minds of the majority of our people that it is foolish to waste your vote. In some cases this idea is so distorted that the voter simply casts a vote for the candidate considered most likely to win—which is another way of saying that such people enjoy the sensation of being on the winning side. But the real roots of this sentiment are grounded in the fertile soil of sound common sense. People who wish to accomplish something by their ballots vote for the candidate whom they consider able to achieve something. To accomplish anything the candidate must have at least a fighting chance of being elected.

Hence, over a period of years fit candidates will only agree to stand for political parties which have a reasonable chance for success. Likewise the men and women who constitute the local machines will not join or long remain with parties which cannot repay their efforts with local prestige or a share of the government jobs on which all party machines depend for permanent existence.

## PROVINCE THE UNIT

In Canada, as in other countries operating on a confederate basis, the province rather than the Dominion is the real basis for political organization. Time and again one of the older parties has been crowded out of the provincial field. Almost invariably the result was that the provincial newcomer became the local branch of the federal party which it had supplanted.

Thus the Quebec nationalist movement in the early part of the century acted as the French-Canadian wing of the Conservative party in the federal election of 1911. At the recent Conservative national convention the Quebec delegation was commanded by Mr. Heon, who is the spokesman for Premier Duplessis in the Ottawa house. The Quebec delegates were largely persons who had been active, not for the Conservative party, but for the Union Nationale in the last provincial election.

## PARTIES ABSORBED

The same thing is true of the relationship between the Liberals and Progressives in the prairie provinces during the next twenty years. Particularly in Saskatchewan and Manitoba the newcomers first supplanted the Liberals, and then gradually became re-absorbed in the Liberal party. Premier Bracken's changed status in Manitoba is an excellent illustration.

Often in localities where the two parties concerned may be poles apart in their ideology their mutual party-machine interests will force an open or secret working arrangement. Thus during the long reign of the United Farmers of Alberta farmer candidates often received support, occasionally including money, from national Conservative sources. In the Saskatchewan election of 1935 the C.C.F. and the Conservatives made a gentlemen's agreement to keep out of each other's way in constituencies where one or other had no real chance to win.

In considering the chances of the Conservative party to come back to a united organization, operating from coast to coast, it is necessary to keep in mind the conclusions indicated by the above considerations. These are:

1. No party can survive on a truly national basis unless it can maintain its own organization in every province.

2. No party can indefinitely maintain its necessary provincial machines unless the party has within it the province of a reasonable chance to form either the government or official opposition.

3. No national party, once ousted from a provincial field, can re-establish itself in the locality by absorbing the newcomer or unless the latter is of a character capable of working in the national camp.

## THE TORY RIVALS

The Conservative party was eliminated from the field in the provincial elections in Quebec there has been a subsequent attempt to fit into the national organization an element diametrically opposed to the party tradition on a question hitherto considered vital—the British Empire relationship. In Saskatchewan there is no evidence whatever of a successful Conservative revival. Nor is there any other

political organization which the Conservative party can absorb as its local arm. In Alberta the predicament of the party is even worse.

Yet it would be extremely shortsighted to conclude that the Conservative party is therefore doomed as a national entity. As yet it has no real rivals as the only organization capable of supplanting the Liberal government.

## ABERHART STILL POPULAR

From what I could discover on a recent trip to Alberta two conclusions can be drawn from the situation there. These are that there is not much chance of Social Credit spreading to the rest of Canada in the near future, and secondly, there is no evidence to suggest that Premier Aberhart is one whit less popular with those who voted for him at his election in Alberta.

The C.C.F. made an effective come-back in Saskatchewan. Its two Manitoba seats are impregnable. In my opinion it will likely make gains in British Columbia in the next Federal election, particularly in Vancouver. But there is no indication that the C.C.F. can regain its hold in Alberta, which was shattered by the Social Credit avalanche, loosed in the first place by C.C.F. members themselves. In Ontario the movement never recovered from the violent rupture between the Farmer and Labor units in 1934.

There are one or two seats where C.C.F. candidates might be elected in Ontario in the next election. But in such places the Communists could win as easily as the C.C.F., and are more likely to do so.

Incidentally, the small Communist party is organized more efficiently than any other political organization in Canada. It has effective machinery from coast to coast which it brings into play to serve its ends. It is influential far beyond its numbers in trade union organization. Like the Catholic church and the Salvation Army it is organized on a definite professional basis. It orders its youngsters to do tough jobs. But it always sees that these youngsters get \$14 per week to pay for their bread and butter while on these jobs.

The Communist party until 1935 was of no political importance in Canada. It entered elections merely to raise a rumpus. It sabotaged and wrecked all of its potential rivals, like the C.C.F. But in 1935 the International Convention of the party swung drastically to the right. Henceforth the party was to "play off" the rough stuff. Members were to be expelled for urging violence, ultimate revolution was to be so peddled. The Reds now lay wreaths on Cenotaphs, march behind Union Jacks, and over sing "God Save the King"—actions which would make old Bolsheviks writhe in anguish.

In three years the Communists have made considerable headway. They have won seats on several members to the municipal council. Tim Buck polled 40,000 votes in the 1937-38 controllership race. My guess is that he can carry a Toronto seat in the Federal election. But all this means is that the Communist party, unless the Haysman uprising occurs, the permanence of the present Conservative party is assured for some time to come.

## EVENTS CHANGE POLITICS

The lesson of history is that actual developments and events change politics, and not vice versa. The future of the Conservative party will depend most of all on what happens in the Dominion field. Unless the Haysman uprising occurs, the permanence of the present Conservative party is assured for some time to come.

If the predominant question in Canadian politics becomes—not war and peace—but the economic crisis in Canada my belief is that the decisive influences in Quebec will back a Hepburn-Duplessis alliance rather than a Manion led Tory party.

## PAY GRAVEL BILL

PENTICTON, B.C., July 19.—Penticton has been using a considerable quantity of gravel from a pit on the local inland reserve, totalling some 7,000 cubic yards, in the past year. The council meeting on Monday night was informed by J. Coleman, of Vernon, Indian agent, that only 1,870 yards had been paid for and that there was a bill amounting to approximately \$350 to be paid. Council's decision was to pay the bill immediately.

Attacks Dunning

Editor, The Vernon News, Sir:

In his recent budget address the Hon. Chas. Dunning attempted to cast a bad odor on the "new economic" by saying that the issue of debt-free money by the state was a "hoax" which had been tried. The exact opposite is true.

It may be said with complete historical authority that every peacetime effort by the state to issue its money free of debt to the banking system has been a complete success, while all the wild inflationary theories direct result of wars and revolutions. Such inflationary were all deliberate, and they were undertaken to avert worse disasters. It cites a few famous examples, which can be verified by any one who wishes.

The Churnsey market scheme was financed by debt-free money. According to Sidney Webb, in Sir Norman Angell's "Story of money," there was a complete success. There was no inflation, while the current world-wide deflation was also kept away from Churnsey.

Through the good offices of Benjamin Franklin, the colony of Pennsylvania operated a debt-free money system successfully for fifty years prior to the American Revolution. This can be verified both in Adam Smith's "Wealth of Nations" and Francis "History of Pennsylvania."

The much-maligned "Assinists" of revolutionary France, which financed the revolution, put fourteen armies in the field, and held back the armed forces of all Europe, depreciated only to one-third their value by the time certain interests, since the problem of production had been solved with the aid of inventors and scientists, leaving us with a surplus of labor.

With debt-free money the Government could subsidize employers and thereby make it possible to share the available work instead of as at present one half the community keeping the other half in idleness. We could all earn a right to share in this age of plenty.

## MANY COMPETITIONS FOR LOCAL BOWLERS

Members of the Vernon Bowling Club are at present competing in the various matches that are played every year on the local greens.

In the ladies' division, the Paul trophy is being played for in the singles, the Hayhurst trophy games are well under way for doubles, and the H. Pout trophy for fours is being fought with keen competition. In the men's events, the C. J. Whitten trophy for men's singles, the F. B. Jacques trophy for men's doubles and the A. F. Hurlbut trophy for men's fours are all being played for in present competition. One other competition that is of interest to the members of the local club is the ladies' and men's challenge trophy, which is being played for by a large number of bowling enthusiasts.

## DOUKHOBORS "ASKED" TO LEAVE OSOYOOS

OSOYOOS, B.C., July 19.—Osoyoos is not enthusiastic about having Doukhobors working in orchards in that district. Just as Oliver has adopted a strict non-Orthodox policy, so in Osoyoos moving against the Doukhobors. Four Doukhobors who had been working in Osoyoos orchards for a week or so were met by a delegation and asked to leave, which they did. There were no hostilities. It is understood that six more arrived recently and that they will also be asked to move on.

## RELIEF EXPENSIVE

Direct relief is also proving a worry to the councillors, and received considerable discussion at Monday night's session, when decision was reached to fight against various charges being made by the provincial government and other municipalities in this category. At the beginning of the year it was considered that \$25,000 would be spent on direct relief. Already \$17,400 has been spent, and there has not been any sign, as yet, of the idea lightening, says Municipal Clerk D. C. Bracewell.

## PENTICTON COUNCIL COMPLETES WORK ON ROADS FOR SEASON

Expenditures For First Six Months Of Year Are \$122,974

PENTICTON, B.C., July 19.—Penticton council was informed Monday night that, by July 1, at the end of the first six months of the current year, its expenditures were well in line with half the total estimates for 1938.

When making out the estimates, it was considered that a total expenditure of \$209,027.70 would carry Penticton through for 1938. At the end of the first six months, \$122,974.01 had been expended.

Most of the road maintenance work within the municipal borders, insofar as the municipality is concerned, has been done, there remaining only a comparatively small sum to carry on for the rest of the year.

Fire fighting for the year, to date, is well under the estimated cost for the half year of \$5,000, the total being \$3,633. Administration of justice is also well over \$1,000 to the good for the year, to date.

For the remainder of the year the council will have to tighten up on grants, since of the total estimated expenditure of \$1,100, some \$1,500 has already been disbursed.

In the year 1937-38, Great Britain spent \$300,000,000 on roads or more than half as much as Ontario's entire investment in its highway system.
